Lodge Tells U.N. Reds Bar World Hopes of Disarming

Loss in Local Blaze Placed At $30,000

Fire Starts in Kitchen Of Turoff's; Shop Is Damaged Next Door

A restaurant full of late evening diners was cleared in short order Saturday night when a fire causing total estimated damage of some $30,000 broke out at Turoff's Restaurant at 122 S. Main St.

The blaze started about 8:30 p.m. while employes were preparing a number of steaks on a griddle in the kitchen at the rear of the restaurant. Some grease on the griddle accidentally caught fire. At 8:32 p.m. firemen from the Central and Mark St. stations were called to put out the blaze.

Roof Set Afire

When firemen arrived only minutes later they found the blaze had set fire to accumulated grease inside a large exhaust ventilator pipe which in turn had set fire to the under side of the roof of the two-story building.

Spreading from the ventilator pipe, the fire blazed in a two-foot high space between the ceiling of second floor rooms above Turoff's and The Baby Shoppe at 124 S. Main St. and the roof of the building.

Firemen were unable to get at the fire to extinguish it until after they cut several holes in the roof, Fire Chief Owen A. Sifritt said.

Actual fire damage was confined mainly to the kitchen of the restaurant and to rooms above the restaurant and Baby Shoppe and the roof of the building. The rooms were used for storage by the restaurant and store.

Smoke, Water Damage

There was considerable smoke and water damage to both the dining room area of restaurant and the storeroom of The Baby Shoppe.

The building housing the restaurant and the baby clothing store is owned by Mrs. J. Malcolm Strelitz of 1054 Mt. Vernon Ave. James Turoff said the fire loss is only partially covered by insurance.

Fire Chief Sifritt said there was also some possible water damage to the basement of Want's Book Store at 120 S. Main St. and some smoke and water damage to the Smith Clothing Co. store at 119 E. Center St., the rear of which connects to the rear of the restaurant to form an "L" shaped building.

Many Returning From Game

Many of the diners, sent to safety outside the restaurant when firemen arrived, were football fans returning from the Ohio State-Michigan State game at Columbus.

Pouring better than 5,000 gallons of water on the blaze, firemen had it under control in about 30 minutes, but remained on the scene more than an hour making certain no live sparks remained to rekindle the blaze.

While Turoff's Restaurant will be closed temporarily until repairs

Indiana Baby Safe

Ex-Showgirl Held In Kidnaping Case

HUGO, Okla. (AP)— A 17-year-old former carnival strip teaser was arrested today and quickly arraigned on a federal charge of kidnaping a 5-month-old baby boy while baby sitting with him at Evansville, Ind.

FBI agents arrested Mrs. Norma Jean Doughty and recovered the baby, Richard Lee Stammer, alive.

Found at Father's Home

They were found at the home of Mrs. Doughty's father, Buford M. Mason, north of Bokchito in Red River Valley farm country.

The child is the son of Richard Duane Stammer, 20, a sailor, and Shirley Stammer, 18.

Mrs. Doughty was arraigned before U. S. Commissioner D. A. Stovall six hours after she was captured. Stovall placed her under $20,000 bond and she was turned over to U. S. Dep. Marshal W. A. White for removal to Muskogee federal jail.

"In a way I'm glad it's over, but I still wish I could have kept him for a few more days," Mrs. Doughty told The Associated Press in Oklahoma City by telephone.

She was permitted to talk on the phone after her arraignment and she haltingly answered questions about her trip by bus and hitchhiking since she took the baby Friday night.

Was Like Her Own

"He is just the age of the one I lost," Mrs. Doughty said. "I fell in love with him when I first saw him. He reminded me of my child. He didn't give me any trouble at all during the trip.

"I had some money when we left Evansville and I bought what he needed along the way. He didn't cry at all. . . was just a perfect baby."

Asked how she felt, she quickly replied:

"How would you feel?"

The FBI said Mrs. Doughty lost a child at birth in June 1953 in Chicago.

The agents said Mrs. Doughty told them she gave birth to a child at Dallas in 1951 but two weeks later her husband took it away and she never has seen it since. The FBI said the father was Lamar Mitchell.

Baby Unharmed

The baby apparently suffered no ill effects from the two days and nights of travel.

A physician checked the baby soon after it was brought to Durant and said he was in perfect physical condition.

The baby was wrapped warmly in a blanket for the trip by Mrs. Doughty.

Wilbur Martin, Associated Press staff writer who is at Durant said the baby woke up this morning smiling, gurgling and cooing.

The FBI said Mrs. Doughty told her parents the baby was hers.

Mrs. Doughty's arrest occurred only a few hours after she arrived at her father's home. For two days she had traveled with the baby through four states.

James C. Wellsworth, agent in charge of the FBI in Oolahoma, said Mrs. Doughty said she saw

Young Couple Thankful That Baby Is Unhurt

EVANSVILLE, Ind. (AP)—A reporter brought Mr. and Mrs. Richard Duane Stammer the word early today that their baby son had been found safe near Bokchito, Okla., with the baby sitter charged with kidnaping him.

"How soon can we get him back?" the 20-year-old sailor and his 18-year-old wife, Shirley, wanted to know.

Mrs. Stammer appeared at her front door in a kimono. She leaned against a wall, stunned a little by the relief of tension.

"We can just be thankful he's okay," she said. "I was awfully bitter against her, but not too bitter now."

The Stammers said they'd been in bed but hadn't slept since their 5-month-old baby, Richard, disappeared Friday night with a woman known here as Wanda White.

"Now that I think back," Mrs. Stammer said, "she seemed awfully anxious to get her hands on the baby.

"She said, 'Sure I'll take care of my baby.' I thought she was joking."

The sitter lived across the hall from the apartment of Mrs. Stammer's mother and often played with the baby when he was brought to see his grandmother.

Police here said they learned the woman had been married three times and had lived with a truck driver, identified only as F. White, at Elkhart, Ind., before coming here three weeks ago. The FBI said her name is Norma Jean (Tommie) Doughty, who had had run-ins with the law as a carnival dancer.

Mrs. Stammer arranged through her mother for the woman to care for the baby so she could start night work at the Farmer's Daughter drive-in restaurant to earn money for a new winter coat.

Stammer flew home on emergency leave yesterday from New York, where his ship, the USS *Northampton*, had tied up en route from Cuba to Boston. If the ship had been at sea, he said he would have seen news about the kidnaping through his job as a Navy Teletype operator.

Gas Gusher Hit At Grand River

72 Persons Evacuated By Explosion Threat

PAINESVILLE, Ohio (AP)—Explosive, ill-smelling gas roared from an uncapped well in nearby Grand River today, while 72 persons evacuated from the area waited for workmen to stop the big blow so they could go back home.

Experts said it was unlikely barricades around the area could be removed and residents allowed to return before Wednesday or Thursday. They said it will take that long to flood and cap the well as ordered by J. C. Wilson of Columbus, state gas inspector. Special equipment for the job is being made at Wooster.

Unless winds die and low clouds force the gas groundward, the experts said, explosion of the inflammable gas can be avoided. Rushing skyward under 750-pounds pressure, it makes a roar that can be heard a mile away. *The gas has* a high content of hydrogen sulphide, which is characterized by a "rotten-eggs" smell.

The gas gusher started from a well being drilled for the Morton Salt Co. to take test cores from the sub-stratum.

Humphrey Claims Government Faces Big Deficit in 1954

DETROIT (AP)—Secretary of the Treasury Humphrey said today the government faces a possible deficit of eight to nine billion dollars next year unless spending can be cut or taxes raised.

And, he said, "only relatively small reductions" in government spending can be made quickly.

This appeared to point, in Humphrey's view, to a solution combining (A) some tax increases, (B) some red ink spending, and (C) some reductions in spending.

Humphrey in remarks prepared for the Detroit Economic Club, did not say what possible tax increases the Treasury might have in mind, but more revenue from excise or sales taxes seemed indicated.

Humphrey said the "dilemma" of how to meet the deficit next year is "our most urgent problem at this time." It is a dilemma that must be solved shortly, since budget estimates for fiscal 1955 must be completed in the next six weeks.

'Low Politics' Used by GOP, Mitchell Says

Democratic Leader Asks Charge Against Truman Go to Jury

WASHINGTON (AP) — Democratic Chairman Stephen A. Mitchell's challenge to the Eisenhower administration to lay before a grand jury the charges that former President Truman promoted a Russian spy was termed "completely dishonest" today by Sen. McCarthy (R-Wis).

Atty. Gen. Brownell, who made the politically explosive accusation in a speech at Chicago Friday, made no comment on Mitchell's challenge.

'Low Politics'

Mitchell, appearing on a CBS television program yesterday, accused Brownell of "low politics" in saying that Truman had promoted the late Harry Dexter White in the face of FBI reports that White was a spy. Truman has denied it.

"The Republicans may have an armful of porcupines before they get through with this," Mitchell said.

McCarthy, in an interview, said the Democratic national chairman knows it was "completely dishonest" to suggest that the whole matter be laid before a grand jury, and he declared:

"Anyone with an ounce of brains knows you can have a completely documented case of espionage which would not be a legal case. It is completely dishonest to say that unless you can send them to jail they are innocent.

Performed Public Service

"If Truman and his crowd protected people who obviously were espionage agents, such as White, that doesn't mean you can indict them. The important thing is that the people know the facts. I think Atty. Gen. Brownell performed a tremendous public service."

Truman has said White was fired "as soon as we found out (he) was wrong."

Truman, asked why White was not prosecuted, told newsmen in Kansas City Saturday: "It was never proven that White was a spy. He denied any such connections before an investigating committee. He was never indicted by a grand jury."

White died in 1948, a week after denying before the House Un-American Activities Committee that he had been a member of an "elite" group in the Communist apparatus.

Marshall 'Resting Well'

Dr. Bret Hurd Named County Health Director

Marion Physician To Take Post Dec. 1; Succeeds Dr. Sifritt

Appointment of Dr. Bret B. Hurd as county health commissioner was made Saturday by the Marion County Board of Health.

Dr. Hurd, Marion physician for 33 years, succeeds Dr. N. Sifritt who retired from the county health post on July 1 after serving in that capacity since the post was first established in 1920.

Dr. Hurd's appointment is effective the first of December.

The new health commissioner holds a certificate of public health from the U. S. Army. During 26 years of the 33 years he has practiced in Marion, Dr. Hurd has been in charge of the venereal disease clinic held at the Marion City Hospital under the control of the Ohio Department of Health.

During the first World War he had sanitary experience in both the British and American armies for three and one-half years. Following his discharge from the armies, Dr. Hurd served four years in the Ohio National Guard as chief of the communicable diseases section.

In addition he qualified as assistant surgeon in the reserve corps o. the United States Public Health Service.

Dr. Hurd was chosen by the board from a list of six applicants. Salary for the post is $8,000 per year.

His office is located at 187½ E. Center St., while his residence is at 488 S. Prospect St.

Death Claims Saudi Arabian King Ibn Saud

BAHREIN, Persian Gulf (AP)—Word reached this island that King Ibn Saud of Saudi Arabia, the world's richest and most powerful absolute monarch, died today.

The crippled, one-eyed king was stricken with angina pectoris Oct. 9, but on Oct. 27 a message reached the outside world that he had passed the crisis.

The king, a 6 foot, 4 inch giant of a man in his prime, had been crippled in recent years by arthritis. He would have been 73 this month or next. His exact birth date was not recorded.

Ibn Saud's skill and daring as a desert warrior carved out for him his kingdom of Saudi Arabia, with six million subjects. American capital which tapped his country's vast oil resources gave him an income of more than 200 million dollars a year.

He had 40 sons, among them Crown Prince Saud, who was named prime minister of Saudi Arabia's first Cabinet Oct. 10. The message received here today said Saud had become king with Prince Faisal as crown prince.

School Seniors To Tour Plants Here Tuesday

Annual Business-Industry-Education Day for Marion high school seniors Tuesday will highlight National Education Week here.

Some 300 seniors from St. Mary and Harding High Schools are expected to tour plants and offices in various Marion industries and businesses Tuesday. A lunch is scheduled for the seniors at noon at the new YMCA building. BIE Day is an annual event sponsored by the Marion Chamber of Commerce.

Principals and superintendents from both schools are expected to give short talks at the noon luncheon. J. H. Walker, chairman of the Manufacturers' Council of the Chamber of Commerce and president of the Fairfield Engineering Co., and Edgar Barnhart, president of the Marion Chamber of Commerce, will also speak.

The seniors will be divided into five groups of 70 each and will tour several different industries and business firms. A tour for seniors in the county schools who are studying commercial subjects will be held sometime after Jan. 1.

Open house in the schools had not been planned as a special event this year in connection with Education Week, since many of the buildings in the city have just recently completed open house programs in connection with the city's construction and expansion progress.

Daily national topics for the week include: Sunday, Nov. 8 Moral and Spiritual; Monday, Learning the Fundamentals; Tuesday, Building the National Strength; Wednesday, Preparation for Loyal Citizenship; Thursday, School Board in Action; Friday, Your Child's Teachers; Saturday, Parent and Teacher Teamwork.

All of the city's schools will be closed Wednesday in observance of Armistice Day.

Military Court Hears Threat By Mossadegh

Ex-Premier on Trial As Traitor; Says He Will Take Own Life

TEHRAN, Iran (AP) — Angry ex-dictator Mohammed Mossadegh, challenging the competence of a military tribunal to try him as a traitor, today threatened to commit suicide, fired his lawyer and warned the court he might boycott future sessions.

Clad in his customary pajamas, the 73-year-old former Premier told the court he would not appeal any sentence it might mete out.

"I will not accept any forgiveness. I will stay in this prison until I die. If you convict me, I will commit suicide as soon as I get hold of the means," he shouted.

Argues With Court

"I am not going to attend the coming sessions even if you cut off my head," he declared at the climax of a heated argument with Gen. Nasrollah Moghbeh, chairman of the five-man tribunal.

It was the second day of the trial for his life. As he did on the first day, he wept, panted, pounded the table and gesticulated. He made fiery speeches against the British, whom he had fought to a deadlock over this nation's vast oil riches.

At both sessions, Mossadegh declared the military court was not competent to try him on charges he tried to overthrow the monarchy, defied the Shah and illegally dissolved the Majlis (lower house of Parliament). And at each, he used the old argument—the British were the cause of Iran's woes—that once had brought him unprecedented power until his overthrow and subsequent arrest after a bloody Aug. 19 coup led by supporters of the Shah.

Delays Trial

Today's session got off to a start a half-hour late because of the ailing defendant's failure to appear on time. He started out by declaring he would not appeal this court's sentence, which could be death by hanging.

"And if the Shah-in-Shah pardons me I will not accept it," he declared, adding sharply, "Forgiveness is for traitors."

As on the first day, the ex-Premier stumbled and staggered into the courtroom, weaving his close-cropped head from side to side. Court officers escorting him had all they could do to keep him from falling in a heap.

Early in the session today, Mossadegh showed irritation at his lawyer, Col. Jahl Bozorgmehr. Mumbling and shuffling through sheafs of documents as the court waited for him to start, Mossadegh impatiently shoved a mass of papers at the lawyer and said, "haven't you ever worked? Can't you count pages?"

And soon afterward, when the chairman pointed to the counsel and began with the words "Your lawyer . . . ," Mossadegh snapped: "He's not my lawyer — you appointed him."

$20 of Stolen Greenlease Ransom Reported Found

DETROIT (AP)—Twenty dollars of the missing $308,000 Greenlease ransom money has appeared in Petoskey, Mich., according to a copyrighted story by the Detroit Times today.

FBI agents have clamped a security lid on local police officers and all other persons involved in the trail of the money.

In Detroit, Fred McIntire, Local FBI chief, declined comment.

The Detroit Times story said FBI agents have swarmed into Petoskey since last Tuesday when the $20 bill was discovered by Mrs. Henry J. Krauser, who operates a rooming house.

Mrs. Krauser identified the money from a list circulated by the FBI to all operators of hotels, motels, rooming houses and merchants.

The Detroit Times story said the number of bills discovered since the FBI came on the scene is a closely guarded secret.

There have been no arrests made in connection with the passing of the money.

Because of the security clamp, local police officials denied any knowledge of the situation. And the FBI in Washington and St. Louis declined comment on developments.

The story in the Detroit Times said there was evidence a rural mail truck driver in Manton, Mich., received the $20 note and paid it to Mrs. Krauser, unaware of the money's background.

Every operator of a business enterprise in Michigan's northern sector, and every bank, has been provided with a list of serial numbers from the unrecovered bills in the $600,000 paid by Robert C. Greenlease, Oct. 4, for the return of his son, Bobby, who was already dead.

One speculation holds that the missing ransom came into Michigan through Chicago's underworld where the money may have been sold by professional "fences" for 30 to 50 cents on the dollar.

All of the missing $308,000 is in $10 and $20 bills.

The ransom was paid to Carl Austin Hall and Mrs. Bonnie Brown Heady who have pleaded guilty to the kidnaping and killing of Bobby Greenlease. They are now awaiting trial Nov. 16 in Kansas City to determine whether they shall be sentenced to death for the crime.

'Dad of Dads' at OSU

COLUMBUS, Ohio (AP)—Merrill D. Cox '56, Coshocton County farmer, has been selected Ohio State University's "Dad of Dads." He will be honored at half-time ceremonies at Saturday's State-Purdue football game.

The dad is the father of Max Cox, 19-year-old sophomore attending Ohio State's College of Agriculture. Max is the youngest of five children.

The elder Cox has a 150-acre farm near Trinway.

Soviets Must Change Tune, He Declares

Chief U.S. Delegate Addresses 60-Nation Political Committee

By A. I. GOLDBERG

UNITED NATIONS, N. Y. (AP)— The United States told the U.N. today disarmament and world peace depend on a "change of mind and attitude" by Russia's rulers.

In a major policy speech prepared for the U.N. Assembly's 60-nation Political Committee, Chief U.S. Delegate Henry Cabot Lodge said:

"The fighting in Korea obviously made disarmament talk unreal. But now we have an armistice, and the United States continues, therefore to hope that despite the discouraging nature of the Soviet note of Nov. 3 in connection with a four-power conference on Germany, the Soviet leaders will yet give concrete indications that they actively desire to remedy the current state of international affairs.

Urges Practical Steps

"We hope they will join with us in practical steps to reduce international tension which will be reflected in developing a disarmament program. . . .

"Disarmament is impossible without international security and once international security has been achieved, disarmament cannot be conducted without proper safeguards.

Lodge said no balanced disarmament program can be put into effect "until world tensions have been reduced by settlement of some of the major political issues between the Soviet Union and the free world."

But, he added, agreement on such a disarmament program would help ease the world tensions.

"The existence of international security depends on a change of mind and attitude on the part of the rulers of the Soviet Union.

Must Change Attitude

"So long as they believe that they have the only good idea for conducting human affairs — which idea they must impose on the rest of the world whether it likes it or not—and so long as they live in baseless fear that the rest of the world seeks to destroy their idea, just so long will Communist imperialism continue in all its manifestations: Subversion of peaceful governments by force and violence, mendacious propaganda on the German warfare model, and even promoting actual warfare as in Korea and Indochina.

"Proper safeguards for conducting disarmament can only take place when the Iron Curtain no longer exists, so that we will know

Italians Strike In Protest of Trieste Killings

ROME (AP)—Italians from Trieste to the toe of the peninsula laid down their tools today in a 10-minute "memorial" work stoppage for the six persons killed by police during Trieste rioting last week.

The suspension was called by all three of Italy's big labor federations, representing nearly all Italian workers. They said only essential public services continued during the period. Many schools in Rome observed 10 minutes of silence.

The nationwide demonstration followed a bitter accusation yesterday against the British commanders of the Trieste civil police by the Italian government. Its report said the bloodshed in the disputed Adriatic city "was caused by riot squad tactics of the police, which were characterized by extreme severity and the hasty use of firearms."

The report charged the police measures were unjustified. It added that the British had failed to heed advance warnings by Italian officials or Italians' pleas to ease the situation. Two British officers were named as being among those at fault.

Today's work stoppage marked the second consecutive day of calm

May Have Prevented Some Cases

Effectiveness of Gamma Globulin on Polio Studied

By FRANK E. CAREY

ATLANTA (AP)—Gamma globulin, first used widely last summer in an attempt to ward off the crippling effects of polio, may actually have prevented some persons from developing paralytic polio at all.

Some scientists working on a nationwide survey to measure the effectivenes of GG think as many as 800 cases may have been prevented—but they don't expect to be able to prove it.

However, said Dr. Alexander D. Langmuir, one of the key specialists in the survey:

"We confidently expect that the survey will give the first conclusive answer to the question whether or not gamma globulin, if given in the week just before a person comes down with a paralytic attack of polio, actually modifies the paralysis."

If it were established that GG can prevent crippling, he said, "it would be extremely important from the public health standpoint —almost as important, in fact, as actually preventing paralytic polio."

The Public Health Service's communicable disease center in Atlanta, headquarters of the evaluation work, hopes for other important findings also when information is collected about GG injections given 185,000 children in 23 epidemic areas.

Langmuir said the survey is expected to:

1. Point to leads that might suggest improved methods for predicting polio epidemics in specific areas.

2. Provide some indication whether it is possible "to set up a program of mass immunization with gamma globulin in a given epidemic area in time to be effective."

3. Determine the value of giving GG to household and other contacts of established polio cases.

4. Provide guidance in allocating and distributing GG for various uses.

5. Furnish the largest body of consistently collected, standardized records ever obtained on polio.

Some of the handicaps scientists face in drawing conclusions about GG's performance during this year's polio season, Langmuir said in an interview, are:

1. Necessarily, the blood derivative was used under field circumstances rather than the previous carefully controlled laboratory conditions.

2. The disease itself behaves so unpredictably it is hard to tell whether a dip in the number of cases, recorded during the season, might not have occurred anyway.

Last April and May, at the beginning of the polio season, weekly totals were running ahead of comparable weeks in 1952 and because 1952 was a record year, some health officials voiced concern. But, during June and July, the weekly totals were running about equal to last year's, and thereafter they rapidly fell below. The peak of this year's outbreak was reached in mid-August, about a month earlier than in 1952.

At the time of the peak this year, there had been a total of 15,978 cases, compared with 19,830 through mid-August in 1952. Latest available figures show a total of 30,730 cases as of Oct. 31, compared with 50,249 for that span in 1952.

The pattern of epidemics in which GG was used will be compared with those of earlier years in the same areas, Langmuir said.

He cited another possible indication—in general, where mass shots of GG were administered to children, subsequent cases developed in greater proportion among older persons. But, he said, such a shift had occasionally been observed during epidemics before the days of GG.

Here's how the researchers expect to get conclusive evidence on whether GG actually lessens a paralytic attack:

Experts on evaluating the power and functions of muscles are studying a number of people who came down with a paralytic attack within a week after receiving GG in mass injection programs. These same people are being examined 60 days later to see if the paralysis lessened in the meantime.

These cases are then being compared under similar circumstances of study with people who came down with paralytic polio just before GG was administered.

The polio detectives are also doing a special study of the possible paralysis-modifying powers of GG among people who had received it, not in mass programs, but because they had been in close contact with a patient.

This study will bear on an important practical question: Do mass injections or concentrating on household and similar contacts constitute the best use of GG?

Langmuir offered the personal opinion that inoculating such contacts will prove to be of value and that also there will be "some need for mass immunization programs in concentrated epidemics," especially in smaller communities where polio is not always present in some degree.

"One thing is certain," he said, "Gamma globulin is not the answer to the polio problem, it is at best only an interim measure."

COIN DECIDES ISSUE

UPPER SANDUSKY — A township truesteeship in Richland Township has been decided by the toss of a coin. Grant Walter was elected with the high vote total of 182. However, Hearl Brashares and C. H. Plumbers Request Inspector at Galion

Special to The Star

GALION — The Galion Board of Health at its November meeting passed a resolution requesting City Council to provide funds to pay for a plumbing inspector for the city.

The health board also approved regulations for new food service operation with an annual license fee of $20 for each place of business. Exception was made to churches, schools, hospitals, and government institutions. These groups are to pay an annual fee of one dollar.

It was announced that C. C. Richards of Bucyrus, who is food inspector in both Crawford and Wyandot Counties, will be employed as the accredited sanitarian. His inspections will be made prior to issuance of licences which must be obtained before Jan. 1, 1954.

Included in the resolution asking the city to provide funds for a plumbing inspector was the provision that amendments be passed to revise the city plumbing ordinance to concur with the Ohio revised code. On May 11, 1946, city council approved a plumbing ordinance which called for inspection of all plumbing installations with- in the city. However, in March, 1947, council withdrew plans to pay an inspector, and the position has gone unfilled since that time.

The meeting of the health board was attended by Galion plumbers who requested reinstatement of a plumbing inspector.

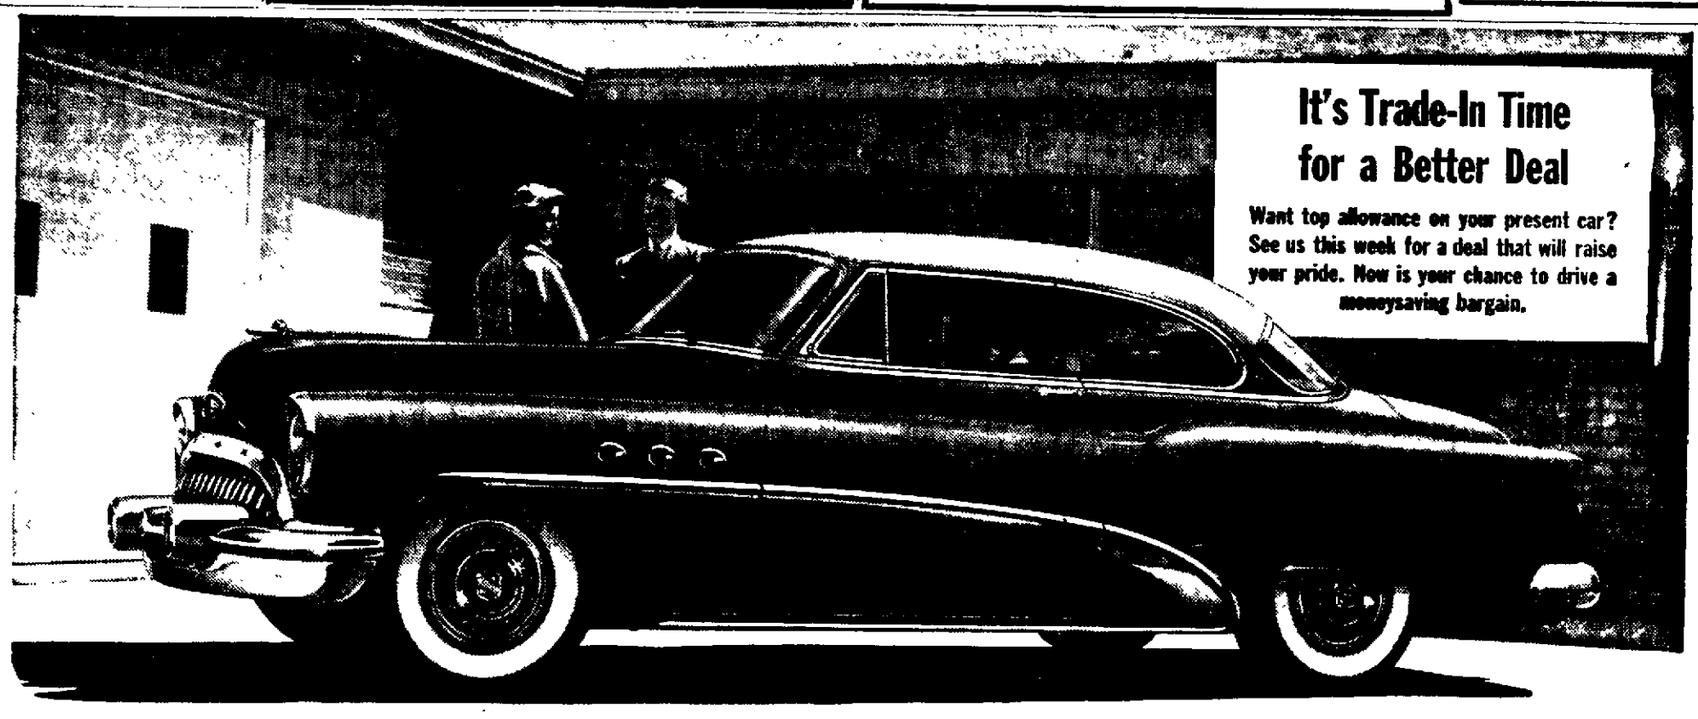
KLINE'S DEPARTMENT STORE



It's Trade-In Time for a Better Deal

Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

It raises your pride and races your pulse

You feel it the moment we turn over the keys to you.

You now own the handsomest "hardtop" around —a Buick Riviera—and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of automobile – a whale of a lot of room and power and soft luxury and ride steadiness—for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera – *which means it delivers locally for just a few dollars more than the "hardtop" models of the "low-price three."*

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens...

When the highest Fireball 8 power in Buick SPECIAL history whispers away the miles with effortless ease...

When Twin-Turbine Dynaflow* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way...

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy.

We'll be happy to arrange a sampling. Can you visit us this week?

Pencils Hold Their Own Against Pens

BY HAL BOYLE

NEW YORK (AP)—Don't say good-by to the old wooden lead pencil [illegible] just yet.

The fountain pen, glamor girl of the writing field, hasn't written off the pencil at all.

The pen, which started as a simple goose quill, now can do almost anything. It can write under molasses, play "peek-a-boo," light your cigaret, serve as a flashlight, and — in wartime — be booby-trapped with explosives so as to blow the hand off anyone who picks it up.

In some snobbish circles a man's social rating today is determined by four things. The size of his car, the breed of his dog, the fur his wife wears, and the number of tricks his pen will perform.

This has led some worried friends of the wooden lead pencil to ask: "Why can't it keep up with the times, too? It will go the way of the dodo."

Well, we have just had a long talk with Clyde Nissen, the tall, pencil-slim executive vice president of the Lead Pencil Manufacturers Assn., who assured us that the lead pencil was still in fine shape.

"To begin with," he said with pointed sharpness, "the wooden lead pencil was able to write under water years before the pen, and can still do it better.

"There have been more changes and improvements in the lead pencil in the last 20 years than in the entire motor car industry. But it has been trained to do more kinds of real work — not just tricks."

The 26 billion dollar industry turned out 1,247 billion wooden lead pencils last year—eight for every American—in some 350 types and styles.

What can they do?

"We have pencils that will write on white hot steel," said Nissen, "paint water color pictures, outline the operation area on the skin of a hospital patient, mark stockyard beef, erase rust and touch up the print on your auto, cut into stone, play a phonograph record, write on glass, plastics, film and chinaware, retouch furniture scratches or stained wallpaper."

One pencil is so slender it is sold as a bookmark. There even is a "kosher pencil," guaranteed free of pork-derived products, developed for kosher butchers. Pencils, used to tighten tourniquets, have proved lifesavers to accident victims.

Pencils now come in 72 different colors. Artists and the heads of business firms employ them most often. Executives often like to use an identifying color for their signatures. The pencil industry, with its 72 colors, can now satisfy in this respect a corporation with a board chairman, a vice president, and 70 vice presidents.

"Incidentally, the pencil is our first line of defense," said Nissen. "Industry uses far more pencils than the schools do.

"The average seven-inch pencil can be sharpened 17 times, write 45,000 words or draw a line 35 miles long. The annual output of pencils could pave a 20-foot highway from New York to Baltimore. Since the industry started about a century ago in America it has turned out enough pencils to pave a four-lane highway from New York to San Francisco, plus a 20-foot feeder road from Boston to New York."

Nissen said he didn't think it necessary to teach the wooden lead pencil to skip rope to meet the competition of new types of pens.

"They don't have a rubber eraser on the tip," he said, "and the wooden pencil is still the only writing instrument that enables the nickel to keep its feeling of self-respect."

Of course, you knew all along there isn't any lead in a lead pencil, and never has been?

THIEF ROBS DRIVER

YOUNGSTOWN, Ohio (AP)—While driver Walter Sunderland of Warren made a delivery at an east side store yesterday, a thief broke into the glove compartment of his milk truck and stole envelopes containing $2,178 in cash and $696 in checks, he told police.

Horn Blowers, Traffic Light 'Jumpers' Menace Pedestrians

Three types of motorists were assailed today by Cpl. D. M. Dewalt of the Marion post of the state highway patrol. The law enforcement official, in speaking of the pedestrian safety campaign being conducted in November, said the three dangerous types of drivers were the motorist who blows his horn and expects the pedestrian to get out of the way even though the car is not slowed down; the traffic light "creeper," and the light "jumper."

These last two are the cause of pedestrians being struck by cars even though they are following the law and walking carefully, he said.

Cpl. Dewalt described the traffic light creeper as the motorist who stops for a light, but inches his car into the intersection. It frightens the pedestrian, he said, and makes them uncertain as to whether or not they will be able to cross safely.

The traffic light jumper, though is far more dangerous, Cpl. Dewalt describes him as the motorist who waits for a light to change and then starts up without checking to see if there are any pedestrians in the path of his car.

Such driving can be dangerous both to the motorist and the pedestrian, he added. Motorists need to follow the rules of safe driving constantly to insure their safety and the safety of the pedestrian.

LEGISLATOR DIES

NEW PARIS, Ohio (AP)—Funeral Services for State Rep. Earl C. Mikesell, 71, will be held here tomorrow. The Preble County Republican died Saturday night.

QUESTIONED IN SHOOTING

AKRON, Ohio (AP)—Detectives today questioned a 29-year-old Akron man in the fatal shooting Saturday night of Floyd Timothy Thomas, 49, in an argument over parking an automobile. Police said the shooting followed a scuffle when the victim accused the younger man of obstructing the Thomas' driveway.

Marion Men On Program of Safety Meeting

Tim Wyant and Art Deter of Marion will play important roles in the ninth annual Mansfield Area Industrial Safety Conference and banquet to be held Thursday at the Mansfield Leland Hotel

Wyant, who is safety director of McMillen Feed Mills, will be session chairman for the afternoon part of the meeting. Deter, safety director at the Marion Engineering Depot, will be one of the main speakers in the afternoon.

Topic of Deter's talk will be "Accident Prevention and Material Handling."

Representatives from 17 Marion firms plus members of the police department and state highway patrol are expected to attend the meeting, which will be held in afternoon and evening sessions.

Last year 28 persons from Marion were registered at the meeting. This year, said W. C. Leonard, safety advisor of the Industrial Commission of Ohio in Mansfield, men from the following Marion firms have indicated they would attend: Arro Expansion Bolt Co., Alloy Cast Steel Co., Baker Wood Preserving Co., Commercial Steel Casting Co., Fairfield Engineering Co., General Excavator Co., Huber Manufacturing Co., Marion Industries, Marion Metal Products, Marion Power Shovel Co., McMillen Feed Mills, Ohio Edison Co., Osgood Co., Pollak Steel Co., Quaker Oats Co., Universal Cooler Co., and Eaton Manufacturing Co.

The meeting Thursday is sponsored by the Industrial Commission of Ohio, division of safety and hygiene, and the Mansfield Chamber of Commerce Safety Council.

Included in the Mansfield region are firms in Ashland, Bucyrus, Crestline, Fredericktown, Galion, Loudonville, Mt. Gilead, Mt. Vernon, Mansfield, Perrysville, Plymouth, Shelby, and Marion.

Another speaker in the afternoon will be Major U. C. Felty, director of the newly formed Department of Highway Safety and former head of the Ohio State Patrol. He will talk on "What the Highway Safety Department can do with your help."

Show Preference in Poll

County Farmers Favor Continuing Price Props

Marion County farmers showed a preference for the continuation of government price supports in a poll taken recently by the Farm Bureau

Of 102 persons taking the poll at 10 different Farm Bureau meetings in the county, 66 said they believed there should be a government price support program. Nine were undecided, and 25 said they did not believe the government should continue the plan

The poll was taken at the request of Secretary of Agriculture Benson.

Of those who indicated the government should support prices, 23 said they thought the 90 per cent of parity figure should be maintained; while 17 expressed the opinion that a 75 to 90 per cent figure would be better.

—:—

THERE WERE 15 who said the government should support prices only at a level which would prevent disaster; and eight asked for 100 per cent of parity on all farm products.

The majority of farmers said they did not favor the two price system. Some 62 opposed it to 21 who favored it and 14 who had no opinion.

Government crop insurance was not too popular either, as only 31 said they wanted it, and 57 opposed the idea. Winning the biggest approval was the proposal to adopt a policy of maintaining a year's supply of storable agricultural commodities in reserve to protect the public against disaster. A total of 80 of the persons polled favored the move.

— —

ONE ISSUE WHICH was not given a clear indication either way was one in which the government would give private industries loans to construct storage facilities and guarantee the Commodity Credity Corporation would make sufficient use of such facilities. Of those polled, 43 said yes, 32 said no, and 18 were undecided.

Seventy-three farmers said farm programs should be developed to meet the needs of the efficient family-type farm. Only nine opposed the idea while 10 were undecided.

Another question which failed to gain a decisive margin was whether the farmers favored Agricultural Conservation Program payments. Seven persons were undecided while 47 said yes and 48 answered no.

— —

ONLY 12 SAID they did not think the Soil Conservation Service has been useful to farmers. There were 77 who thought it has and nine were undecided. Those who said yes voted for a continuation of the same appropriations as 31 favored that plan. Twelve wanted less appropriations; and 23 wished more appropriations.

Five farmers were undecided on whether present credit facilities met their needs, but 74 said they did. Only nine said their needs were not met.

Long term government loans for conservation practices were approved by the poll, 61 to 7, with 11 undecided. Similarly, 63 persons approved the Farmers Home Administration Plan of helping potential farm couples whose credit resources from normal channels are inadequate.

— —

IN THE MATTER of foreign trade, 53 said they favored increased imports of farm products as well as increased exports. Eleven opposed the idea and 12 were undecided.

Most of the persons asked, said agriculture would best be served by agreements to lessen, gradually, trade restrictions between nations. Nine favored a high tariff policy and seven voted for a low tariff policy.

The International Wheat Agreement was given a vote of confidence as 45 farmers approved the plan; 22 disapproved; and 12 voiced no opinion.

A large majority favored the continuation of aid to friendly countries by the supplying of food. Of those favoring the measure, 38 thought it should be done by taking the foreign currency; 23 favored a loan policy, and 22 wanted it as strictly a gift.

In the last question on the poll, 76 said they thought increased marketing research would substantially reduce surpluses. Nine said they did not think it would, and six were undecided.

NAMED. Charles F. Honeywell, West Coast businessman, was named by Commerce Secretary Sinclair Weeks to head Business and Defense Services Administration.

Political Roundup

Politics, the recent election and trends are about all one can hear these days as reams of copy are written and millions of words are spoken on the results and what lies ahead.

Last Tuesday was a good day for the Demo- from coast to coast. Recent results onlyadded from coast to coast. Recent results only added fuel to the fire they built after their Wisconsin victory.

The Republicans, though somewhat shaky and very wary, point out that most races were fought on purely local and state issues and not on national issues that could formulate a trend.

Let's swing the political spotlight around and see what the results might indicate:

New York

The overwhelming election of Robert F. Wagner Jr. as mayor of New York City may gain the most attention in the days to come. It was a victory for the New Deal-Fair Deal and the Americans for Democratic Action.

Sharing the limelight with Wagner is Rep. Franklin D. Roosevelt Jr. who now must consider the climate favorable to his candidacy for governor.

The Democrats feel that with New York City's boroughs once again under their thumb they can aim at Albany and winning that will have much to say at the Democratic convention in 1956—perhaps even nominating a candidate of their own liking.

Reliable sources claim that Gov. Dewey will not run again in 1954 but the Democrats have lost some of their fear of him with the recent scandals he has had to cope with. If Dewey does step down the Republicans can be expected to draft Sen. Irving Ives to run for governor.

New Jersey

With state issues and local personalities involved, the governors race in Jersey became a little messy. Mud was slung and party lines were crossed and recrossed.

When the ballots were counted the Democrats had a surprising edge and Robert B. Meyner was governor. More significant perhaps was the election of Democrat Harrison A. Williams Jr. to Congress from the normally Republican 6th District.

Williams close victory cut the GOP control in the House to a dangerous margin. The lineup is Republicans 218, Democrats 215, Independents 1 and vacancies 1.

Political analysts surveying the Jersey vote report less conservative Republican candidates might have gained victory.

Virginia

Sen. Harry Byrd's candidate, Thomas B Stanley, finally won the governorship but he had to turn back a strong bid by Republican Ted Dalton.

Dalton's showing has frightened those southern leaders who have sought to maintain their state machines while swinging to Eisenhower nationally.

Many Virginia Democrats voted for Dalton despite Byrd's admonition to remain Democrats and forget last year's Republican swing to Eisenhower.

The South is still Democratic but independence is catching and perhaps last year's cracking of the Solid South will have left permanent scars.

California

Yet to be heard from is California which elects a representative Tuesday to fill the vacancy created when Rep. Norris Poulson resigned to become mayor of Los Angeles.

A Democratic victory definitely will give them something to sing about in '53, after their trouncing of '52—such a quick return to health was not expected.

If the Republicans take the California seat, much of the sting will be taken from the Democrats cry of "trend."

Washington

"I've lost skirmishes before," said the President after the returns were in. His Republican party colleagues want to counterattack; Eisenhower prefers to await the results of his fact-finding commissions and then put into effect a program.

The politicians want to rock the boat and get a little immediate action they're eyeing 1954's big congressional election in which 431 House and 32 Senate seats will be decided.

The current unrest brought on by some unemployment and a slight business recession has caused many voters to look to the other side —maybe by the fall vote in '54 business will be better and people will be more certain. If so, the Republicans stand to gain.

Regardless of which party it is, the party in power stands to gain or lose as the national picture goes up and down.

The politicians would enact quick, stopgap measures aimed at soothing the voters. This action wouldn't necessarily follow GOP campaign promises of a more businesslike administration. Perhaps the tax reductions the first of the year will help.

Regardless, we're inclined to go along with President Eisenhower and see what his program will bring. Admittedly he isn't a great politician, but perhaps he can help the country.

Brownell Raises Question

By James Marlow

Public Wants Details on Harry Dexter White Case

WASHINGTON (AP)—Harry Dexter White, the roundish economist dead since 1948, may become the most active ghost in American history no matter who looks better in the end, Democrats or Republicans.

Atty. Gen. Brownell—in his critical charge that the Truman administration knew White was a Russian spy but promoted him—has raised questions the public will want answered.

Did Brownell intend to state as a fact that former President Truman knew White to be a spy when he gave him an important government job? If the English language has any meaning, Brownell seems to have said that.

How can he prove it? Truman denies it. If Brownell can prove it, what is he as attorney general going to do about it?

Truman says he fired White when he learned White was "wrong" but nevertheless let him resign. Truman says this procedure was often followed. The record shows Truman congratulated him on his service to the government.

Truman says it never has been proved White was a spy. But once he did learn White was "wrong," what did Truman do to have him prosecuted or at least investigated further to find out what damage he had done?

Brownell says it was Truman's aide, Maj. Gen. Harry H. Vaughan, who was given FBI reports on White for the President. Vaughan says he doesn't remember them and is now hearing of White for the first time.

Did he read such FBI reports? Was it his job to do so and then tell the President? Or did he give this task to someone else in the White House and depend on him? If so, who was he? What happened to the reports?

In making his charges about White in a speech to the Executives Club in Chicago last Friday, Brownell was not talking off the cuff or depending upon memory, which can be unreliable.

He read from a deliberately prepared text. As attorney general, he must assume full responsibility for what he said, whether or not he had help in the writing.

At one place in his talk Brownell said:

"Harry Dexter White was known to be a Communist spy by the very people who appointed him to the most sensitive and important position he ever held in government service."

Two paragraphs later he added:

"White's spying activities for the Soviet government were reported in detail by the FBI to the White House by means of a report delivered to President Truman through his military aide, Brig. Gen. Harry H. Vaughan, in December 1945."

The phrasing there—"a report delivered to President Truman through . . Vaughan"—could be interpreted as meaning not that Truman actually got the report but merely that it was intended for him and given to Vaughan.

But in the very next paragraph Brownell said:

"In the face of this information and incredible though it may seem, President Truman subsequently on Jan. 23, 1946, nominated White, who was then assistant secretary of the Treasury, for the even more important position of executive director for the United States in the International Monetary Fund."

Although others may have recommended White to Truman for the monetary fund job, it was Truman who nominated him for Senate consideration.

In the first paragraph quoted here Brownell said "the very people who appointed" White knew he was a spy. In the third quoted paragraph Brownell has Truman doing the appointing.

Unless he qualifies these statements later, Brownell clearly seems to be saying Truman knew White was a spy but nevertheless promoted him.

Truman says he knew nothing about what Brownell said were two FBI reports on White as a spy—one in December 1945, or one delivered to Vaughan by the FBI on Feb. 4, 1946, after Truman had nominated White for the fund job.

It was only later, Truman says, that he found out White was "wrong" and fired him.

Film To End Home Strife

LONDON

Family quarrels are being "filmed"—to help end family quarrels. Four have been made already in a small provincial town.

They consist of a succession of slides lasting five minutes, with a sound-track on a phonograph record.

An official of the Central Council for Health Education, said: "We have used the voices of actors, but the people are the real people with those problems. And they found, by acting them out, they were on their own way to solving them."

None of the films gives an answer. They just pose a problem that many people come up against in every-day life.

Some wonderful discussions have been started in clubs and other groups that have hired the films.

In some cases laymen have seized on points to teach the experts who handle these problems.

1—Maureen Miller, aged 16, is now working. She wants to go out but her mother tells her she goes out too much. They have a serious row and the daughter leaves. Mr. Miller comes home and finds his wife weeping. He tells her that it is only normal for a girl of Maureen's age. Mrs. Miller tells him that he doesn't take enough trouble to look after his daughter.

If you were Mr. Miller, what would you do?

2—Mrs. Walker has two children aged two and six. The family is short of money because of the cost of living. Then she meets Mrs. Johnson who has a job and has just bought herself a new coat. She suggests Mrs. Walker take a part-time job. Mrs. Walker goes home and suggests it to her husband. He is strongly opposed, arguing that the home and children will suffer. Mrs. Walker is undecided.

If you were Mrs. Walker, what would you do?

3—Mrs. Murray calls on her daughter who has just had her first baby. The daughter says she has been told by the clinic to feed the baby on demand. Mrs. Murray says she has never heard of such a thing. They have a bad quarrel, the daughter being tactless toward her mother.

If you were Mrs. Murray, what would you do?

Harry Lawson, aged nine, goes to a school his mother thinks is rather rough. He is with a gang and gets caught redhanded in a scrape. His father is so furious he demands that Harry tell him who the other boys were. But Harry won't tell on them and his mother supports him.

If you were Mr. Lawson what would you do?

No Flying Saucers

NEWBURYPORT, Mass. (AP) — Howard Read, a market proprietor, thought for a second it was one of those flying saucers.

The hub cap from a passing car sailed through the air, shattered the plate glass of the market and glanced off his head. His dignity was hurt more than his head.

The U. S. From a Danish Viewpoint

By Richard L. Thomas

COPENHAGEN

Richard L. Thomas of Marion is a Fulbright scholarship student at the Foreign Graduate School, University of Copenhagen. His experiences and observations will appear in this space from time to time.

It is often possible to achieve a better understanding of personal problems by considering the views of impartial observers. In the same vein, it can be very enlightening to consider the United States as foreigners see it, rather than restricting one's thoughts to personal and subjective attitudes.

The United States of today is not what the foreigner believes it to be—his knowledge is too limited—but his thoughts are significant in that they: 1. Indicate what aspects of American life are stressed abroad. 2. Shed new light on issues whose implications are often not fully understood domestically. 3. Cause us to be prouder than ever of our country, while at the same time increasing our awareness of certain abuses within our society.

Danes, in forming impressions of the United States, rely heavily upon information from friends and relatives who have emigrated to the States or have visited there. These newcomers to America send or bring back glowing reports which invariably express amazement at the huge buildings, the many cars, the material wealth, the fast-moving society, the bigness of the land, the contrasts between different areas, and the friendliness of the American people.

— —

THOSE WHO HAVE emigrated seldom criticize conditions in the States or complain about their circumstances (if they do not prosper as anticipated, they hesitate to tell the folks back home), and the only notable complaint offered by tourists is that some of the cities are "just too big."

Contrary to these personal contacts, however, there are other media which often present unbalanced and unfortunate examples of American life to the Danes. Approximately half the movies shown in Copenhagen are of Hollywood origin, and no matter how far the films may deviate from normal life, the Danish spectator unconsciously receives images which he associates with the American scene.

We in the States recognize and allow for the inevitable distortions, but the foreigner is in no position to do so. Since the American movies here include the average proportion of westerns and gangster-murder pictures, it is not surprising that the more naive of the Danes still believe that cowboys and Indians battle on the western prairies, and that our cities are so gangster-infested that one cannot safely walk down the street at night.

Other movies, of course, feature typical dancing girls and racy night-clubbish existence, all of which is assimilated and digested by the local populace.

— —

ALSO CONTRIBUTING to the feeling that America is a land of sin and violence are the ever-popular pocket books, many of which are translated into Danish. The gory mysteries of Mickey Spillane are currently being pushed by local bookstores, and James M. Cain, another author given to rackets, brawls and blood also is enjoying a large measure of popularity. John Steinbeck is one of the most widely-read authors in Scandinavia, and although not in the same category as Spillane and Cain, nevertheless he too expresses numerous twisted and exaggerated views of American society.

As late as the latter part of the 19th century, Danes looked upon America as a land of milk and honey, where everyone was his own master and everything was bigger and better than in Europe. (Even today, children get their first impressions of America from storybooks which tell about the "streets with golden pavement and the diamond-studded carriages").

With the emergence of the U. S into world power in the early 20th century, however, the first critical elements began to appear along with the compliments. Now, with world attention focused on the U. S., it is natural that criticism should be focused on us also —criticisms not of the American people or of the country itself, but of various foreign and domestic policies which are incapable of pleasing everybody.

—:—

IN DENMARK, there are currently several well-defined spheres of criticism toward the States. By far the first and foremost issue is McCarthyism. Whatever differences in opinion about McCarthy are current in the States, the Danes are apparently united in their distaste for the man and his tactics. He is regarded here as a would-be Hitler, who uses all sorts of means to arouse the public opinion over loaded issues.

Another charge often leveled against the United States is that we are a land of political and economic instability. This is a rather surprising accusation in view of the speed with which many European governments and currencies rise and fall, but it is true that in foreign affairs especially, our policies have vascillated greatly within the last 20 years, and each small change usually has a disproportionate effect upon the small foreign countries that are involved.

A good example is the case of Danish blue cheese. The cheese industry is of major importance in Denmark, and shortly after the war, the U. S. Government sent technical experts here to advise Danish cheesemakers on packaging and marketing so as to enable them to break into the U. S. market. The Danes naturally jumped at the opportunity and spent large sums of money on new machinery and techniques.

Within a short time they were exporting a large part of their output to the U. S., but then the blue cheese interests in Minnesota, a small industry by our standards, claimed that Danish cheese was making too great an inroad on their sales. The result was that a short time ago Congress passed a law setting a quota on Danish cheese, limiting imports to half the volume that the Danes had built up with direct U. S. encouragement.

— —

TO THE SMALL countries of Europe, it is as if the U. S. is a large octopus which can greatly harm them by a mere flick of a political or economic tentacle, the results of which are scarcely felt at home. For this reason there is a constant feeling of apprehension and anxiety over the future course of our economic and political policies.

—:—

OTHER GRUMBLINGS that one may occasionally detect involve the assertions that the U. S. is a completely materialistic country which scorns culture, that our business leaders have imperialistic designs, and that we exhibit many isolationist tendencies.

These sentiments are only small smatterings, however, and seem to be steadily fading away, especially the fear about our isolationist policies. The United States' participation and leadership in the United Nations, the Marshall Plan, and our concern over the defense of the free world have allayed virtually all the fears that we would let the rest of the world fend for itself in case of emergency. Most Danes are sincerely grateful to the United States for steadfastly championing the cause of freedom, and for the material help extended to Denmark after the war.

In summing up, it may be said that in spite of the distortions and half-truths about life in America to which the Danes are subjected, the United States is still regarded as a land of opportunity where many ambitious young Danes desire to go to seek their fortune. Danes basically like the American people as individuals, and they respect and admire our protection and leadership.

As for their criticism of our foreign and domestic policies, it is axiomatic that a nation in the world spotlight will be carefully scrutinized. And in reality, this criticism is actually healthy. As long as it continues, we can never become complacent, but must continually re-examine ourselves.

One Continuing Struggle

By MARK DANA

Persons preoccupied with other matters — which include most of us — who fret little about college finances might properly cast a glance at Dartmouth College in New Hampshire, which reports that its assets have now risen to $42 million, but hastens to add that it had an operating deficit of $550,411 for the fiscal year 1952-53.

Operating expenses were $5,936,000, and only substantial gifts from alumni kept red ink out of the school ledgers. The endowment alone is practically $32 million, and of course the income from invested endowment funds makes student payment of tuition and fees seem small in proportion.

There are various small colleges to which $1 million endowment would look large. Various small colleges have practically no endowment, and must depend largely on alumni gifts and church denomination and other contributions to remain open.

It is obvious that if a college as well-heeled as Dartmouth cannot meet outgo with dividends and student payments, small colleges in these times have to cut many financial corners to keep from going under. As they reduce expenses, and keep faculty salaries at a minimum, they thereby reduce their educative competences, and it is patent that of the nation's 500-odd independent colleges a great many in these days are just going through the motions, existing largely as denominational monuments for church prestige. A few mergers would be of healthy benefit.

The Once Over

By H. I. Phillips

What It All Means

Election results all over the country are still being tabbed as indicating everything from a rush order for a New Deal return engagement to a demand that Eisenhower be reduced to the ranks as a private.

In our book ke saw little but a victory for the Wagner Act Bingo in New Jersey and Yale in Connecticut. The victory of Bob Wagner, Jr., in New York is still being declared of great significance, but to us all it proves is:

1—The name "Wagner" has the same pulling power as the copyrighted names of any liniment, soap powder, hair tonic, toothpaste or gasoline.

2—When you raise a subway fare you drive everybody to the polls to get even.

3—New York voters felt that all they will get anyhow will be more traffic tieups, louder cries of "Step lively!", a smaller glass of beer, annual revivals of "Showboat" and more Tommy Manville incidents.

—:—

Tammany Hall is exultant. The New York election brought back "East Side, West Side," Jimmy Walker's toastmaster routines, Fourteenth Street memories, the yen for a nickel fare, a general feeling that Bill O'Dwyer will not remain in Mexico all his life and a certainty that the noises of the Metropolis will be augmented by the rapping of Mike Quill's Blackthorn on the doors of City Hall.

In New Jersey the haircut influence was a factor. A stylish "Bob" won there, too. He is Bob Meyner, a sort of boy wonder and a bachelor. He was one of the few candidates in America who could not drag a family into the TV programs. This may be why he won.

Virginia stayed with the Democrats and away up in the "Yankee North" it can be said that, while Virginia's famous Lee never took Richmond, another Lee took New Haven. (Dick Lee's opponent in the New Haven election put up a good fight, but he needed General Grant.)

—:—

Lee was public relations man for Yale University. Dartmouth licked Yale, but Yale has now licked the GOP.

Lee lost the election two years ago by only two votes. His victory this time was by 4,000 which proves that New England is firmly against the photo-finish, the tie ball game and the split decision.

His opponent was a leading undertaker in office eight years. The defeat is not taken as a blow by morticians, but could be a hint of a public feeling that no undertaker should take eight years on one job.

It is a question whether Lee goes to New Haven City Hall on lend-leas from Yale University or whether the kid is abandoning "Boola Boola" and "March on Down the Field" for "Hail to the Chief" and "Oh Promise Me."

The rumor that Celentano, the undertaker-mayor will go to Yale as public relations man is false and was started by a Harvard man. Looking back over the elections nationally, the Democratic victories may, perhaps, be attributed to the party use of the prelude music to "Dragnet," in the campaigns.

—:—

At any rate, they have made a lot of Democrats happy for the first time in a year, given the Republicans a helpful jolt and driven Arthur Godfrey, Julius La Rosa and the McGuire Sisters off the front pages, or nearly so. (P.S. —No candidate, so far as we know, took any position in the Godfrey matter. But it was generally accepted by most voters that not a candidate for mayor or governor in the country was hostile to a sister act on TV.)

Wally Cox seemed lost on that Berle program, and Talullah seemed pretty mystified as to what it was all about, too.

The Coast Guard put on an all-day exhibition of rescue by helicopter on Election Day in New York as a feature of the 50th anniversary of the airplane. . . . It ignored the frantic signals from Bob Wagner's opponents, however. Bob Wagner, Jr., went to Taft School, Yale and the Harvard Business School. . . . He may now establish himself at Princeton by his association with the Tiger song.

Didja hear about the football squad that was so easily punctured it had offers to go on a video program to be called "Where's My Line?"

But Those Europeans!

Model Calls American Wolves Tame

NEW YORK (AP)—"The American wolf today is about as menacing as a defanged rabbit but a Euro- [illegible] pean wolf [illegible] A girl has to watch her heart when she's out with him."

This crushing verdict on the tameness of the native American wolf as compared to his foreign cousin, comes from an international student of this form of two-footed animal life—glamorous Dorian Leigh the famous model.

Miss Leigh earns $35 an hour—that's $700 for a tiresome old 20-hour week—modeling in Hollywood, New York, London, Paris and Rome.

Her ads helped draw a pack of howling wolves to the door of this hep modern Little Red Riding Hood from San Antonio, Tex.

"In both Hollywood and Manhattan there is a circle of men whose only social goal in life is to be seen in a night club every night with the newest and prettiest girl in town. They aren't name [illegible] droppers. They're model droppers," she said.

"They aren't interested in who you are or what you are like. They just want their friends to nudge each other and ask, 'Who's the pretty girl on his arm?' There is no use trying to have a conversation with one because he can't listen. He is too busy looking across the room to see if any of his pals has a newer, lovelier cover girl."

When I asked whether she wasn't confusing wolves with gay old dogs, she replied:

"Well, they pass for wolves, and they think they're wolves. But they aren't romantic. They're dull and tired. The big danger is they will bore you to death or you might trip and fall into their bridgework while they're yawning.

"They are all trying to impress each other and the only other thing they have in common is they have enough money to go out on the town every night. Most of them are married but seem to have a working agreement with their wives.

"They feel it's safer to be married. Then no pretty little girl can snap them up and carry them away."

Dorian said the European wolf is more risky and more fun because he isn't a showoff, like the stodgy no-claws-in-his-paws American prowling male.

"The European is more leisurely," she said, dreamily. "He concentrates on one girl at a time and doesn't go in for any high-pressure tonight-is-all approach. He takes you to an intimate little restaurant rather than a crowded night club, because he is trying to impress you, not his business friends.

"That makes the European wolf more interesting. It is like playing a word game—you enjoy figuring him out. Each is a different puzzle and what girl doesn't like to flatter her mind by solving a puzzle [illegible] particularly if the puzzle is a man?"

But Miss Leigh says a wise girl will avoid getting involved too deeply with any wolf.

"In dealing with a wolf either in Europe or here," she said, "the letdown is likely to be the same. A wolf is only a wolf, no matter what language he howls in."

A cat was the first to go over Niagara Falls in a barrel. It did not survive.

Costa Rican President Scores 'Outside Interests'

SAN JOSE, Costa Rica (AP)—Jose Figueres, Costa Rica's new American-educated President, has taken office and declared his opposition [illegible] to permanent large-scale investment in this banana growing Central American republic.

Speaking at inaugural ceremonies yesterday at the National stadium, Figueres said such outside investments constitute "an economic occupation similar in some aspects to military occupation."

MRS. DONALD L. DAWSON

Vows Exchanged By Miss Matson, Ronald L. Dawson

In candlelight ceremony Sunday, Nov. 1, in Emanuel Lutheran Church, Miss Janice Louise ''tson became the bride of Ronald LeRoy Dawson. The double ring ceremony was read at 3:30 o'clock in the afternoon by the pastor, Rev. M. E. Hollensen.

The bride is the daughter of M'. and Mrs. Carl Matson, 683 Woodrow Ave., and the bridegroom's parents are Mr. and Mrs. LeRoy Dawson of the Delaware Pk.

Palms and floor baskets of white mums and pompons decorated the altar. Family pews were marked with white satin bows and salal greenery, and the tall candles which extended the length of the center aisle also were entwined with salal.

A program of nuptial music preceding the ceremony was presented by Mrs. Richard Curren, organist, and Mrs. James Buck, vocalist.

The bride, escorted to the altar and given in marriage by her father, wore a gown of white Chantilly lace and satin. Insets of nylon tulle accented the bodice and the bouffant skirt was trimmed with a lace panel extending into the cathedral train. Her fingertip length veil was caught to a Mary Queen of Scott cap which had scattered clusters of seed pearls on the nylon tulle. She carried a cascade arrangement of white button pompons and ivy centered with a white orchid. Her jewelry was a strand of seed pearls with matching earrings, gifts from the bridegroom.

Attending the bride as maid of honor was her twin sister, Miss Joyce Matson, and bridesmaids were Miss Sally Dawson, sister of the bridegroom, and Miss Frankie Knapp. Lighting the candles were Miss Jo Ann Curren and Miss Nancy Curren.

Their gowns were fashioned alike with off-the-shoulder bodices of velvet, cap sleeves and full skirts of nylon net over taffeta. The maid of honor was in dark green and the other attendants in gold. Miss Matson wore a bandeau of ivy and gold pompons in in her hair and carried a colonial bouquet of gold pompons tied with rust ribbon and ivy. Bouquets of the bridesmaids and candlelighters were of rust pompons and they wore bandeaus of ivy and rust pompons in their hair.

Little Miss Jane Marggraf of Bucyrus, cousin of the bride, as junior bridesmaid, wore a dark green velvet dress and carried a colonial bouquet of gold pompons with a hair bandeau of gold pompons and ivy.

Serving as best man for the bridegroom was David Koenig of Marion. Ushers were Robert Ward, Robert Baughman, Daniel Lister and Ivan Jones, all of Marion.

A reception for 275 guests was held in the church parlors immediately following the ceremony. A five-tiered wedding cake topped with a miniature bride and bridegroom and surrounded with rust pompons and salal centered the table. Assisting were Miss Madolyn Willey, Miss Marjorie Meister, Miss Roselyn Kaelber, Miss Barbara Barnhart and Miss Virginia Faine.

When the couple left on a wedding trip to Indiana, Mrs. Dawson was wearing a blue knit dress with red accessories and a blue and white checked coat. She also wore the orchid from her bridal bouquet. They will reside temporarily at the home of the bride's parents.

Mrs. Dawson is a graduate of Harding High School with the class of 1953. Mr. Dawson, a graduate of Pleasant Township School this year, is a machinist with the Goodrich Co.

At the rehearsal party Saturday evening at the home of the bride's parents, Miss Matson presented pearl necklaces to her attendants, and Mr. Dawson gave his best man and ushers copper cuff links.

Among the guests at the wedding were grandmothers of the bride and bridegroom, Mrs. Maude Matson of Dayton, Mrs. Minnie Richards of Bucyrus, and Mrs. Margaret Dawson of Marion.

Other out-of-town guests were from Bucyrus, Cleveland Heights, Dayton, Willard, Crestline, Galion, Columbus, Toledo, Sycamore, and Fort Mitchell, Ky.

Manager of Carey Gets Illinois Post

CAREY — Theodore E. Ridley has tendered his resignation as village manager, effective November 30, at the regular session of Council this week. He has accepted a position as the first city manager of Rochelle, Ill.

He is to assume his new duties on or about the first of December. Rochelle, with a population of 6,000 is located 80 miles north of Chicago, near the Wisconsin line.

Commenting on Council's acceptance of the resignation, Mayor G. C. Wagner stated that no other action was feasible, inasmuch as the Council did not wish to discourage Ridley's advancement.

Ridley is Careys' fourth village manager, having come here June 26, 1951.

Two Receive Minor Injuries In City Traffic

Police Report Six Weekend Accidents; State Patrol Lists 3

Two persons received minor injuries in six weekend traffic accidents investigated by city police. Patrolmen from the Marion Post reported three accidents involving no injuries.

Herman L. Brown, 18, of 598 Catherine St., was treated and released from Marion City Hospital for nose and lip injuries received when a motor scooter he was driving was extensively damaged in an accident at 128 W Fairground St at 1 51 p.m. Saturday.

Brown was east-bound on W. Fairground St. when the cycle and a west-bound car driven by John Larig, 67, of near Crooksville collided. Larig's car received only minor damage

Larig posted bond for appearance in Municipal Court Saturday to answer a charge of failure to yield the right of way.

Columbus Woman Injured

Mina Burke, 53, of Columbus, was treated and released at City Hospital for injuries received in an accident at E Church and S State Sts at 12 19 pm yesterday.

She was a passenger in a car driven by Leonard R Burke, 59, of Columbus which collided at the intersection with a car driven by Kenneth McKinnis, 32, of 233 Bellvue Ave Both cars were extensively damaged in the front ends and were hauled away by wreckers Burke was north-bound on S State St. while McKinnis was heading east on E. Church St

Three Cars in Collision

Three vehicles were involved in an accident on N. Main St at George St. at 9 21 a m. Sunday.

The cars were driven by Lewis A. Koontz, 37, of Morral, Clyde H Harris, 53, of 219 W. Fairground St. and Loyle J Kittridge, 18, of 666½ E Center St

Koontz, who was north bound, had stopped for a traffic light and was struck from the rear by Harris who had been hit in the rear by Kittridge. Kittridge's car was extensively damaged and was taken from the scene by a wrecker. The other two cars received only minor damage

A car driven by C E Dawson, 51, of 888 Oak Grove Ave., struck a car owned by the General Telephone Co. of Ohio which was parked in an alley next to 143 N Main St. The accident occurred at 2 p m. Saturday Both vehicles received minor damage.

Two Autos Damaged

Two cars received minor damage in an accident at 3.51 p m. Saturday at N Main and Hazen Sts. Involved were a car driven by Frederick B. Irwin, 42, of Chillicothe, and a car owned by the Lautenslager Used Car Sales of N. Main St and driven by Paul Sterling of 477 Toledo Ave. Both cars were north-bound when Sterling hit Irwin from behind. A car driven by Beverage Moore, 24, of 867 E Adams St. struck a car owned by A R Packer, of 382 Cherry St., which was parked in front of Packer's home. The collision occurred at 3 45 p m Saturday. Both cars received minor damage.

Three Patrol Accidents

Three accidents in Marion County were reported this morning by the highway patrol. One happened late Saturday night, and the others occurred Sunday morning

In the accident Saturday night, both drivers involved were arrested. The accident happened on U S Route 30-S about one-half mile east of Marion at 11 26 p m. Saturday

Cars driven by Richard L Taylor, 17, of Mt. Gilead and John M Spillman, 51, of 518 N Prospect St collided when Taylor reportedly made a left turn into a private drive at the same time as Spillman tried to pass on the left side.

Extensive damage resulted to both cars. The left side of Taylor's car and the right side and front end of Spillman's car were damaged

Taylor was arrested and charged with failing to signal a left turn. He was ordered to appear before Juvenile Judge Edward J. Ruzzo in the future Spillman was charged with failing to give a signal for passing and was ordered to appear before Municipal Court Judge W Dexter Hazen today.

A black Angus cow was struck by a car Sunday morning at 12 02 on U. S. Route 23, about two and one-half miles south of Marion Driver of the car was Angelo J Cortese, 31, of 202 S Seffner Ave.

The cow, owned by Henry Miller of near Marion was reported to be walking on the highway. The cow received a cut head and bruised side, but was not killed. The car was damaged in the grille, radiator and hood.

At 2 30 a m Sunday a car struck and demolished a crossing gate at the Erie Railroad at the junction of State Route 98, east of Marion.

Driver of the car is unknown, as he left the auto after the accident. An old Marion address was found inside the car, which was abondoned at the scene, but patrolmen report, neither the driver nor the owner, traced through the car's auto tags, live at the address now

The car tore down the signal gate and concrete foundation. The grille, hood, and bumper of the car were badly damaged The patrol is still investigating the accident.

Will be Closed for Repairs

James Turoff said today that plans are to complete repairs and installation of new equipment to replace that damaged in the fire and reopen in from 10 days to two weeks. The restaurant only recently had been redecorated.

Two Other Fires

Firemen were also called out to two other fires, one Saturday afternoon and one early this morning.

At 4 p m. Saturday Mark St station firemen were called to the residence of Joseph Miller at 651 Euclid Ave Firemen reported Miller had pulled some hot coals from his heating stove which fell to the floor and set fire to some linoleum and to a nearby chair. They estimated total damage at some $100.

At 8.18 a.m. this morning W. Center St. firemen were called to the residence of William Gherman at 371 Fies Ave. where a hot chimney set fire to wall paper over a flue in the living room. The burning paper fell from the wall and scorched a rug and some living room furniture. Firemen estimated the damage at about $100.

following the bloody riots that swept Italy last week.

Guard Embassy

Riot police and Carabinieri stood guard outside the British Embassy in Rome, where 12,000 rioters battled with police Saturday, but there was no demonstration. Police also were in relatively large numbers near the U. S. Embassy but had nothing to do.

Trieste itself, where an estimated 150,000 persons turned out yesterday to bury the six riot victims, also remained quiet.

Italian newspapers continued to demand removal of Maj. Gen. Sir John Winterton, Allied commander in Trieste's Zone A.

Italian Prime Minister Giuseppe Pella called in a radio speech last night for a thorough parliamentary investigation to place the blame for the Trieste outbreak He also asked that the British and Americans look into what took place.

Two Vandalism Cases Reported to City Police

Wilson Blasts Handing Nazi Subs to Russia

'Were Dumb Enough To Turn Over Entire Fleet,' Secretary Says

WASHINGTON (AP)—Secretary of Defense Wilson said today that after World War II "We were dumb enough to turn over the whole German submarine fleet to the Russians."

Wilson, in a copyrighted interview with the magazine U. S. News and World Report, also said he had been misquoted as saying during Senate hearings on his nomination that "What's good for General Motors is good for the country."

He did not elaborate on his remark about German submarines, nor say how many the Germans had when they surrendered. Asked about reports that Russia has the world's second largest navy, Wilson said:

"The first thing I would like to do in my job down here is to work over some of the mistakes of the past.

"When anyone mentions the Russian submarines and the fact that we were dumb enough to turn over the whole German submarine fleet to the Russians, I get a little hot and stay hot for several minutes."

Asked, "Did we agree to do that?" Wilson replied: "Yes. They got the submarines."

Asked about his controversial statement of a few weeks ago that he does not think the Russians have the capability of waging a sustained atomic war, the defense secretary said:

"I did think we were getting too panicky. . .I know the people would like to have us tell them what we think the nation ought to do . .I don't think the Russians are going to start a war and move in on us first because they have A-bombs any more than they did just because they've got big land armies on the other side of the line in Europe."

Bucyrians Exceed Goal for 1953 Drive

BUCYRUS — The 1953 combined Community Chest - Red Cross fund campaign ended here Saturday, the goal being exceeded for the first time in several years

Edwin A. Norton, general campaign chairman, said contributions totaled $33,786, or 106 per cent of the goal of $31,715. Last year with a $31,715 goal, contributions fell about $2,000 short of the quota.

For the first in many years, every division and every team exceeded their quotas, Vice Chairman L E Wertz pointed out.

During the Community Chest's board of directors' annual reorganization meeting this week, seven directors were elected for three year terms. They are C. D Albright, R. B. Picking, John Radler, O F Rehm, M. E Schieber, Frank P. Stiler and L. E. Wertz.

Agencies sharing in campaign funds include the Red Cross, YMCA Salvation Army, Boy Scouts, Girl Scouts, Youth Camp, High School Youth Center, USO and medical and welfare services.

Walkout Still On; No Sign Of Break Seen

Ohio, California Hit By 17-Day-Old Strike At North American Co.

LOS ANGELES (AP)—Negotiations are continuing in two major segments of the aircraft industry—Lockheed and Douglas—but there is no sign of a break today in the 17-day-old strike that has virtually halted production at North American Aviation plants.

North American produces the Sabre jet and Super Sabre interceptor and fighter planes for the Air Force at plants in Los Angeles and Fresno, Calif., and Columbus, Ohio

Ease Chance of Spread

Fears of a general tieup in the aviation industry were eased still further yesterday when members of the AFL International Association of Machinists turned down the latest offer of Lockheed but voted for a continuation of negotiations while they stay on the job Last week Douglas workers represented the IAM at Santa Monica did the same thing and those at El Segundo voted to accept a company offer of a 5-cent hourly wage boost.

The IAM at Lockheed seeks a 12 per cent wage boost. The company has offered 5 cents and an additional cent in cost of living. Current wages range from $1 27 to $2 61 with about 16 categories Average wage is $1 98½.

But although further talks are scheduled at North American, statement by both managment and the union indicate no change in their positions

"We have no intention of offering a single point under strike pressure that we have not already offered in peaceful negotiations" said J H. Kindelberger, chairman of the board at North American. "We believe that the fantastic demands made by the CIO United Auto Workers would put us in a handicapped competitive position and unrealistic operating condition.

Company Stands Firm

"Instead of yielding to the CIO-UAW demands under strike pressure, we will continue to use every lawful means to get the plants back into full production at the earliest possible date."

Paul Schrade, president of the UAW Local 887, declared strikers are holding to their demands which include a 26-cent hourly wage boost. The company has offered a 4 per cent boost over wages which have ranged from $1 4 to $2 32 hourly.

"Workers are fed up with second class wages and working conditions spooned out by the gold-plated panhandlers doing business by courtesy of the Defense Department," declared Schrade. "As far as the corporation is concerned, when they decide to grant their employes a decent pay and job security enjoyed by other aircraft workers then we'll settle this dispute. Until then progress may be slow."

The union has maintained long, but carefully spaced picket lines as ordered by court injunctions. The next negotiating session is scheduled tomorrow.

9 Drivers Stopped By City Policemen

Eight arrests and one citation for traffic violations were reported by city police this morning

Four of the arrested received fines of $15 and costs in Municipal Court Saturday. They were Wallace William Cline, 18, Green Camp, speeding; Paul Glen Wheller, 312 Belmont Ave, speeding. Orville Jay Moore, 44 Belpre passing in a no-passing zone and Edward P Anderson, 18, Hillsboro no mud flaps

Three others posted bond for appearance in Municipal Court next Saturday. They were Leonard A Danforth, 28 Lansing, Mich., no safety chains Dana Eugene Shoup, 19, Radnor, open muffler, and Henry Eugene Whitley, 29 Flint, Mich, speeding

Earl A Speece Jr., 20 of near Marion was scheduled to appear in Municipal Court today to answer a charge of speeding

Paul H. Longworth of 499 Reed Ave, received a citation for speeding He was cited to appear in Municipal Court Tuesday.

Lima's Mayor Not Superstitious, Will Take Oath Friday

LIMA, Ohio (AP)—Lima's mayor-elect is not superstitious. W. L. Ferguson, elected last Tuesday by an 85-vote margin, will be sworn in Friday—the 13th. Meantime, the defeated mayoral candidate, Carl B. Horn, announced he would not ask for a recount.

Another result of Tuesday's voting caused a special meeting of the Lima School Board to be called tonight

Gordon G Humbert, superintendent of schools, said the board may ask a special election Dec 10 on a 3 7 mill tax levy to raise teachers' pay and hire additional instructors. A similar proposal was defeated, 7 856 to 7,449, by voters last Tuesday.

Postal Authorities Hold Up Magazine New World Review

NEW YORK (AP)—The magazine New World Review says its October issue has been held up by post office authorities for the past two weeks pending an examination of its contents

The monthly magazine which says its predecessor was the publication Soviet Russia Today adds that the Post Office Department says it is acting under regulations barring matter "advocating or urging treason, insurrection, or forcible resistance to any law of the United States."

In a formal statement the New World Review said yesterday that it "does not and never has advocated any of these things."

The monthly said it "is devoted to bringing the American people the facts about the Soviet Union, the Chinese Democratic Republic and the Eastern European people's democracies."

Kidnaping

(Continued from Page 1)

Richard Lee for the first time last Thursday.

Mrs. Stammer was stunned when told at Evansville that the baby and his abductor had been found. "We can just be thankful he's okay," she said. "I was awfully bitter against her, but not too bitter now."

Accept Plane Fare

"How soon can we get him back?" the mother and 20-year-old sailor father asked a reporter.

The couple accepted the offer of an automobile dealer, Ed Mooney, to pay the plane fare here.

The Stammers said they had gone to bed but hadn't slept since their baby disappeared Friday night with the baby sitter, who lived across the hall from the apartment of Mrs. Stammers' mother.

Ellsworth reported Mrs Doughty said she fed the infant condensed milk during the hectic trip from Indiana and kept him bundled in warm clothing

He also said she admitted she was known in Indiana as Wanda Jean White and had been working in Evansville as a waitress. She said she "fell in love with the baby" immediately last Friday when his mother, Mrs Shirley Stammer 18 brought the child to his grandmother's to be cared for during the evening She was hired as a baby sitter for the occasion

Ellsworth said she then gave this story of her actions.

Wanted Child of Own

She suddenly decided to take the baby away because she has lost two children of her own and wanted him as a replacement. She hitchhiked that night from Evansville to East St. Louis then got a bus Saturday to Tulsa, Okla., and another to Oklahoma City, where she arrived early yesterday. She hitchhiked to Durant, where she tried to hire a taxi to Bokchito

First report of the arrest from Bokchito said four carloads of officers, mostly FBI agents — surrounded the Mason home and took the woman and child.

At Gainesville, Tex., across the Red River from Durant, police Identification Officer M. Birchfield said the woman's husband B. R. Doughty, was seeking an annulment of their marriage.

Although Mrs. Doughty said she took the child to replace two children of her own that she lost, Doughty said as far as he knew she had no children

However, he said she had been married previously and he had lived with her only three weeks. Birchfield said Doughty claimed in his annulment action that the woman was not legally divorced from her previous husband.

Gainesville Police Chief Louis Theobald quoted Doughty, a taxi driver, as saying his wife is "sort of crazy" about babies and once tried to claim another woman's infant as her own in Dallas.

Theobald said she had a police record of arrests at Amarillo and Texarkana, Tex., and Wichita, Kan. He said she was arrested at Amarillo for indecent exposure while appearing in a carnival girl show.

Gainesville police linked her to the case through pictures and a letter found in her Indiana apartment from a Gainesville attorney representing the husband in a divorce case.

The baby's mother had left the child with the Doughty woman for one night's work at an Evansville drive-in restaurant to earn money for a new winter coat.

The father, Richard Duane Stammer, 20, flew home on emergency leave from New York.

These Days

By George Sokolsky

No battle is ever won without knowledge, and the war against Russia and international communism has only too often been lost in various areas by astounding ignorance. In some of the recent closed sessions of congressional committees, high officials appeared who displayed a frightening lack of knowledge of the details of subjects which they handle as specialists. The excuse often is that he, the witness, has someone else for details. Then why is he a specialist?.

SOKOLSKY

So the Senate committee on foreign relations has published a pamphlet, which is available for public consumption and which you can obtain by writing to Sen. Alexander Wiley, Chairman, Senate Foreign Relations Committee, Washington, D. C.

—:—

THIS PAMPHLET will settle dozens of arguments, because it deals strictly with facts on two subjects.

"1 Statistics on the parliamentary status of Communist parties, their claimed or estimated membership, and a brief statement concerning their source of strength.

"2 A region-by-region analysis of the objectives and tactics of communism."

The committee counsel, Julius N. Cahn, who has had a vast experience in this field, is a quiet, studious researcher to whom a fact is a living thing. It is interesting to note how taut and lean this study is. Actually not a word of propaganda appears in it—only the established details as they are without trimmings.

—:—

ONE REMARK in the introduction needs to be repeated: "In the first place, the Communists have time and again proven the extent *to which even a small, highly-disciplined group inside or outside* a parliament (indeed, in virtually any organization) can succeed in a wrecking operation.

"Secondly, the Communists in many instances prefer to keep the Communist party as such, a small, tight 'elite' organization. They often prefer to leave to mass, non-Communist parties and organizations, the principal overt task of moving the society in the direction the Communists want it to go."

—:—

I WAS PARTICULARLY interested in the date provided concerning Latin America, where, in recent years, the Communists have made considerable and, for us, distasteful progress, actually establishing themselves as a power in Guatemala. In 12 of the 20 Latin American countries, they have been suppressed as a party, although the evidence is that they are working underground.

—:—

ACCORDING TO this study, they have no present prospect of gaining control of Latin American countries by the electoral process, although that does not preclude strikes, demonstrations, and a constant pull to the left by the infiltration of intellectual groups. It is always and in every country, to the intellectuals fall for them.

It is possible that they have exaggerated their power in he Confederation of Latin American Workers, but it is true that this dominant labor organization is Communist-controlled by Vicente Lombardo Toledano. The union has established itself through holding key positions in strategic labor unions and federations. Therefore the broad base does not matter, as the fact is that whoever controls the organization can generally manipulate its members just as in the United States. The Senate committee's report says:

". . .So long as Communist parties have cells in labor, student, intellectual, and nationalist groups, and Communist propaganda can play on their drives and discontents, as is now the case in many Latin American countries, Communist capabilities in the area are a factor with which to reckon."

—:—

EVERYWHERE IN Latin America these organizations and their allies conduct a constant propaganda against the United States, and in pursuance of their anti-Americanism, the Communists have joined with fascist groups which are also anti-American. Therefore, our position in Latin America is menaced and actually we face the rising power of Communism in Guatemala, Costa Rica, British Guiana and Venezuela.

Today the trend among congressional committees is to issue objective reports and texts to inform the people as to the facts in a situation. The Jenner Committee reports are among the best available on the subjects which they cover. One of those reports has already reached a circulation of over 140,000, which means that it has actually reached a sufficiently large segment of the population to lay a basis for thought and discussion.

The pamphlet which I am presently discussing is of equal value and should have a wide circulation, particularly in schools, colleges and libraries where students seek the facts and often cannot find them. Factual, checkable material is worth more than propaganda, which is resented.

Bucyrians To Discuss Courthouse Facilities

BUCYRUS — A meeting of representatives of the Crawford County Bar Association and County commissioners will be held here in the near future to discuss possible remodeling of the courthouse, Robert Rickseeker, Galion attorney and bar association president, reported today.

Arrangements for the meeting were made at a meeting of the association this week when various means of improving courtroom facilities were discussed. A Lima architect will attend the conference.

Continuation of a study of an increase in fees for legal work was ordered by the association following a report by a committee, which is studying a new fee schedule.

Grover F. Cramer Retires From Erie

Grover F. Cramer, 65, who resides at 570 Girard Ave., has retired as a yard conductor for the Erie Railroad here after more than 37 years of service, R. H. Lewis, division superintendent, announced today. Cramer began his service with the Erie Railroad in the summer of 1912 as a yard brakeman.

He became yard conductor in 1913.

His plans now are to "fish and hunt a little."

Cramer's wife is the former Miss Eva Shuster of Marion. They have two sons, Robert, who is a claim adjustor for the Farm Bureau at Van Wert and Russell, who is a draftsman at the Fairfield Engineering Co. here. Both are married. Cramer's mother, Mrs. Lydia Belle Cramer, who is 85, resides with a sister at Magnetic Springs.

A native of Waldo Township, Cramer moved here in 1907 from Prospect where he had operated a barber shop. He at one time ran a barber shop here. Mr. and Mrs. Cramer have resided at their present address the past 16 years.

Inside Labor

By Victor Riesel

NEWARK, N. J.—The man in the Big House at Sing Sing was more of an issue in the explosive New Jersey election than the man in the White House.

RIESEL

It was extortionist Joe Fay, and not President Eisenhower, the voters had in mind when they swung the state from the Republicans.

It was Albert (the Murder, Inc., Executioner) Anastasia, Willie (the murdered) Moretti, and Joe Doto, alias Adonis and Mr. A, bosses of the gambling mobs and crooked labor leaders, who were repudiated.

A painstaking analysis of this state's vital vote — which some believe may be the forerunner of 1954 and 1956 — reveals the resentful reaction of the independent voters to links between public officials and underworld forces in and out of labor circles and regardless of party labels.

—:—

THE POINT IS that sections of the eastern Republican machinery betrayed their national leader by linking themselves to labor mobs. For example: Just a year ago Gen. Dwight D. Eisenhower took a part of the state, Bergen County, by a 118,000-vote plurality.

In last Tuesday's election, the Republican candidate, Paul Troast, who had been negotiating with and pleading for shakedown artist Joe Fay for years, took that same traditional Republican area by a mere 5,000 tallies. That was a loss of 113,000 votes in one section alone. Similarly, in Essex county, Troast ran 75,000 votes behind the Eisenhower poll of 1952.

A year ago Ike won Essex County by 65,000 votes. Last Tuesday, Troast, friend of Fay, lost the district by 10,000 votes. So it went in other areas until the Republican lost to an unknown Democrat, Robert Meyner, by some 157,000 votes.

Point is, the independent voters who swarmed to Eisenhower, jilted Troast in an area like Bergen County because civic Anti-crime forces there had revealed the extent of the criminal invasion of the county. There, gambler Adonis, "Enforcer" Anastasia and the dead Moretti ruled a vast mob which reached right into Joe Fay's Sing Sing cell. And by the time the state machine under Republican Governor Alfred E. Driscoll reached into the area, the citizenry had decided to purge "The Thing" itself.

—:—

FURTHERMORE, the link to the labor and race-track scandals across the river in New York hurt both GOP machines in this part of the country. The morning after elections, Troast's braintrusters told me that the indignation and fury of the New York press exposures kept him on the defensive.

The Jersey voter seemed to find himself in a miasma of exposures in which the old machine politicos were linked directly to corrupt labor scandals prevading the entire east. It was pointed out that some 750,000 New Jersey citizens commute daily to New York for their livelihood. Each day in the last two months they learned of new interstate scandals. That commuter bloc is considered the independent and Republican vote.

They weren't thinking of Gov. Driscoll, Gov. Dewey or President Eisenhower. They knew only that two state wide machines were led by men like the New York political power, William F. Bleakley, attorney for the Algam Corp. and the Yonkers Trotting Assn., which own and operate the Yonkers race track. That harness turf has been the center of shocking scandals for months—ever since the killing of the notorious, brutal chief of the Janitors and Race Track Employes Union, Tommy Lewis.

IF THAT weren't enough, it was learned not only that Bleakley owned some 12,000 common shares in the track, but that he was also attorney for the murdered Tommy Lewis on at least one special project. Lewis retained him because Bleakley had great political influence in the state. Bear in mind that Bleakley was attorney for the Algam Corp., which negotiated with Tommy Lewis' union on race track labor contracts.

All race track labor was dominated by Joe Fay, who, by the way, has never accounted for the $700,000 he helped to extort from New York businessmen. So, while the average New Jersey voter didn't quite know the details of the tieups, he did know that Fay was originally from Jersey and that some Jersey labor leaders had prevailed on the GOP gubernatorial candidate to write to Gov. Dewey asking for Fay's freedom.

Furthermore, there were those high in Troast's labor machine who were part of Joe Fay's apparatus. Their support should not have been accepted. Ignorance of their records is no excuse. They could have been screened, just as careful political leaders screen Communists from their ranks. It's just as easy. And just as necessary.

Both have the kiss of political death.

Great Adventure

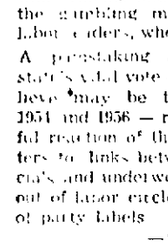
By Laura Hobson

"You'd better change my newspaper order," I said to my stationery store man.

"I want all the morning papers and all the evenings."

"All? Every day?"

"And Sundays. Starting tonight."



HOBSON

His eyes popped but he opened his order book and began to write. Halfway down his list he looked up. "Seven papers? Four every morning and three every night?"

—:—

HE WAS EATING himself up with curiosity and too polite to come right out and say so. For over three years I'd bought not only papers and magazines from Edison & Gars, but all my typewriter ribbons and scotch tape and cigarettes and pencils and carbons and manila envelopes for manuscript. Anyway we're friends.

"I'm starting something I've never done in my whole life," I said. "I'm going to write a daily column. That's why I need all the papers."

"Fine," he said beaming. "What kind of column?"

"I don't really know," I said. "I only know what kind it won't be. Not glamor, not gossip, and not as if I was trying to be Mrs. Political Expert. That's all I've figured out so far."

"In what paper will it be?"

"Lots of papers. All over the country."

—:—

HIS NICE FACE took on another look, a look that touched me. He put down his pencil, reached across the counter and shook my hand hard. "The whole country," he said.

I thought, the respect for the press. We all have it, hidden away some place. We grouse and gripe at this or that in our daily paper, but there's something in all of us about the press.

The aggregate, the total press, the couple of thousand papers out there in the cities and towns of the nation — we respond to the idea of them, to the concept of the press, and that gives each of us a kind of right to think the big phrases, "the American press," "our free press," "freedom of the press."

"It's wonderful," my stationery man said, and brought me back to his order book and the counter in a store on Madison Aveune.

—:—

AS I WALKED out into the street a moment later, I found I couldn't get that couple of thousand papers out of my head. I've crossed the U.S.A. eighteen times, in trains and planes and by car, so I've read many of them. Some I love, some I can't stand, some I agree with, others get me mad.

I've read columnists I applaud and columnists who give me a pain. I've read papers that are always pro-administration and others that are always con.

And that's what it is to have a free press.

Can you imagine what the world would be like now if the press everywhere had been that various and unregulated, the last twenty years or so?

If German and Italian and Russian papers had had a free toss all the time about supporting or attacking Hitler and Mussolini and Stalin and Malenkov? If some could have yelled, "It's time for a change" even if plenty of others were yelling that it wasn't.

If some could have reported that the farmers in Bavaria or around Bialystok were riled, or that lots of Muscovites thought Malenkov was spending too much time ice-skating on the Volga?

Various and unregulated. I thought—that's the key to all those papers across America. That's what my new column can be; they said so or I would have been scared off.

It was good to think about, with a kind of excitement and promise in it. I didn't have to figure out a formula in advance, nor for this first column or any other.

All I had to do for a start was roll a sheet of paper in the old typewriter and say hello.

Marion Man Charged With Jewelry Theft

Lloyd Simpson Held In 1952 Burglary of Carroll's Store Here

A Marion man charged with burglarizing Carroll's Jewelry Store on W Center St. April 6, 1952 pleaded not guilty at his arraignment in Municipal Court today.

Arrest of Lloyd Simpson 40, of 822 Kenton Ave came after more than a year and a half of investigation of the burglary by Marion police.

The burglary took place about 3.53 a.m. in the morning when someone hurled a brick through a display window and, although a burglar alarm started ringing scooped up 18 watches and escaped before police arrived

Pawn Shops Checked

In the months since that time Police Captain Justin Connely and other members of the police department have quietly checked pawn shops in Marion and surrounding cities. In August Connely found a watch in a Mansfield pawn shop which was included in the list of those stolen from the Marion jewelry store

This eventually led to the arrest last Wednesday afternoon of Fred Little, 29, of Mansfield on a warrant charging him with receiving and concealing stolen property. Further investigation led to the filing of the burglary charges against Simpson, Police Chief Tom Coon said today.

Little Pleads Guilty

In Municipal Court Saturday Little pleaded guilty to the charge against him and was given a suspended fine of $50 and costs by Judge W Dexter Hazen Police said Little has indicated he will serve as a state's witness in the case against Simpson.

No date has been set for preliminary hearing for Simpson in Municipal Court. His bond for appearance was set at $5,000 by Judge Hazen Unable to post the bond as of 11 a.m. today, he was being held in city prison and was to be transferred to Marion County jail if still unable to raise the bond by this afternoon

Police Chief Tom Coon said investigation of the burglary is continuing and it is hoped to recover more of the stolen watches in the next few days

Death of Woman, Man in Tourist Cabin Unexplained

WINCHESTER, Ky (AP)—Officials were unable to explain today what caused the deaths of a man and woman whose bodies were found yesterday in a tourist cabin.

Coroner Ben S. Bartlett identified the victims as Leroy R. Dunn, 65, of Hamilton Ohio and Sallie Bynge, about 60, of Whitesburg, Ky.

He said they had been dead three to four hours when they were found and that they had died about 30 minutes apart.

There were no marks of violence, the room was orderly and only the pilot of a gas heater was burning Windows were open.

Their possessions included a quantity of food, wine and whisky, but the alcoholic beverages had been barely touched, police said

Bartlett said any autopsy would depend on his conferences with members of both families.

Veteran Canton Newsman Dies

Dennis R. Smith, 65, Active for 41 Years

CANTON, Ohio (AP) — Dennis R. (Denny) Smith, 65, a Canton newspaperman for 41 years, died in Aultman Hospital yesterday.

Born in Marietta, he worked on a newspaper there for four years then started in 1910 with the Canton Daily News, which merged with the Canton Repository 20 years later.

Except the two years, 1919-20, when he was managing editor of the Sharon, Pa. Telegraph and for a brief stint as Repository city editor, he worked as a reporter, specializing in welfare and school news and managing the annual marble tournament and spelling bee promotion. A fungus disease forced him to quit working a few months ago.

His funeral will be held here Wednesday.

Rev. Wiant Will Speak To Two Church Groups

Rev. Bliss Wiant of Delaware, missionary in China 30 years, will speak at a combined meeting of the Wesley and Prospect Street Methodist Churches Thursday afternoon at Wesley Church.

Professor of music at Yen Ching University for most of his missionary career, he will demonstrate Chinese musical instruments in connection with his address. At present, he is pastor of St. Paul's Methodist Church at Delaware.

The Wiants left China when missionaries were expelled from that country by the Communists. Rev. Wiant is a brother of Rev. Stanley Wiant who was at one time a pastor of Wesley Church here, and is a relative of Marion and Delaware residents. Time of the Wesley Church meeting will be 2:30.

There are more than 12,000 independent companies engaged in the production of crude oil in this country. These include oil and gas field contract services, and companies producing crude petroleum, natural gasoline and natural gas.

Five-Generation Family

NEWEST GREAT-GREAT-GRANDDAUGHTER of Mrs. Priscilla Bonser of 761 Bennett St. is Deborah Rech, six-week-old daughter of Mr. and Mrs. James Rech of Delaware Ave. Left to right are Mrs. Wanita Hopson of Miami, Fla., Deborah's grandmuther; James Rech, her father; Mrs. Nellie Clark, 216½ N. Main St., great-grandmother; and Mrs. Bonser, who is a great-great grandomther for the 11th time. The five-generation picture was taken at a family gathering held earlier this fall.

Adm. Carney Says Russians Steadily Building Up Navy

TOKYO (AP) — Adm. Robert C. Carney, U. S. chief of naval operations, said today Russia has been steadily building up her naval power throughout the world and, in event of war, Soviet submarines could give the American fleet "Serious trouble."

But he said he believes the United States would maintain control of the seas despite probable losses from Russian subs.

He reaffirmed at a news conference that the U.S. Navy has the capability of delivering the atomic bomb in the Far East.

Carney is on a familiarization tour of naval units in the Far East.

WINS CLASS AWARD

COLUMBUS, Ohio (AP)—The American Assn. for State and Local History has awarded the Ohio State Archaeological and Historical Society the 1953 Class A award of merit for the north central states area, Erwin C. Zepp, director of the society, said yesterday the award was for restoring Adena, home of Thomas Worthington at Chillicothe. Worthington was a lead in the fight for Ohio statehood.

Fire Ruins Roof Garden On Hotel in San Diego

SAN DIEGO, Calif. (AP) — Fire broke out in the Marine Roof Garden on top of the Hotel San Diego last night, forcing 35 persons on the sixth floor to flee their rooms. There were no injuries.

The fire was brought under control in about an hour after virtually destroying the roof Garden. Firemen said a smoldering cigarette was believed to have started it.

STRIKE CALLED OFF

BARBERTON, Ohio (AP) — A strike scheduled for today by the CIO United Rubber Workers against Seiberling Rubber Co. has been called off. The union and company have agreed to a new contract. Victor Flaherty, president of URW Local 18, said about 850 union members unanimously approved the new contract "a very good one." It includes a 2½-cent hourly pay raise.

Because lumps of asphalt sometimes ooze from the bottom of the Dead Sea and are washed ahore, it is believed there may be rich oil deposits in the area.

Political Eyes Tuesday To Be On California

Democrats Hopeful of Continuing String Of Election Victories

LOS ANGELES (AP)—Republicans and Democrats, their forces split by two candidates on each ticket, wound up their campaigns today in the 21th District where the year's final congressional contest will command national attention tomorrow.

To the Republicans the race may mean further jeopardy for their slim House majority. To the Democrats the balloting may mean a crowning triumph for recent victories east of the Mississippi. There are now 218 Republicans and 215 Democrats in the House of Representatives.

The registrar of voters has forecast a 40 per cent ballot—perhaps 66,000 votes—in the special election. In the district there are 81,691 registered Democrats and 75,289 Republicans.

The seat was vacated by a Republican.

The one who gets the highest number of votes will win, even though his total may not represent a majority of the ballots cast.

Candidates are Glenard P. Lipscomb and John L. E. Collier, both Republican state assemblymen, and George Arnold, attorney, and Irving Markheim, veterans' service officer. The Republican party is supporting Lipscomb. Arnold has Democratic party endorsement.

The Republican campaign in Lipscomb's behalf has concentrated on the theme that his election will constitute a vote of confidence in the Eisenhower administration. Lipscomb, an accountant in private life, was executive secretary of Richard Nixon's vice presidential campaign.

Arnold, whose father, Thurman Arnold, was assistant attorney general in the Roosevelt administration, is the son-in-law of columnist Drew Pearson. He has the backing of several labor organizations as well as his party's support, and he has campaigned in favor of tax reduction, against a national sales tax and against "Communist aggression wherever it occurs."

PRESIDENT AND MRS. EISENHOWER look over some of the Bibles and New Testaments presented to them in the White House by the American Bible Society. The volumes are printed in 78 languages from "A" (for Afrikaans) to "Z" (for Zulu), for use of White House callers.

Justice Middleton Seeks Re-election

COLUMBUS, Ohio (AP) — Judge Henry A. Middleton of the Ohio Supreme Court today announced for re-election.

He will seek nomination in the Republican primary next May for the six-year term starting Jan. 1, 1955.

Judge Middleton was elected to the state's highest court in 1950 to fill the vacancy created by the death of Judge Edward C. Turner. Before his election, Judge Middleton was a partner in a Toledo law firm.

A native of Champaign County, Judge Middleton spent part of his youth in Springfield. He was graduated from Boston College and Ohio State University Law School.

VFW BANQUET SLATED

BUCYRUS — Annual past commanders' banquet of the Bucyrus Veterans of Foreign Wars' post will be held Wednesday night at the post home with Robert E. Combs, of South Charleston, O., as principal speaker. Combs is state chief of staff for the VFW. He is collection manager for the Crowell-Collier Publishing Co. in Springfield and is a past post and district commander of the VFW. James R. Kehrer, Bucyrus, former Crawford County clerk of courts, will be toastmaster.

ANNOUNCE DAUGHTER'S BIRTH

GALION — Announcement has been made here of the birth of a daughter, Brenda Sue, to Mr. and Mrs. James R. Benbow in Shelby Memorial Hospital last Wednesday. Mr. Benbow is the son of Mr. and Mrs. John A. Benbow of Galion.

4 Die in Fires Over Weekend

Toll of Fatalities in State Boosted to 17

By The Associated Press

Four persons burned to death in their homes in Ohio over the weekend. Six died in traffic accidents, and a miner died in a cave-in.

Deaths Saturday:

Hartsel Baird, 22, Grove City, his car hit a tree near Briggsdale (Franklin County).

Mrs. Florence Sewickey, 55, Cleveland, burned to death after she fell asleep while smoking.

Donald Terflinger, 22, Mount Sterling, his car hit a parked truck in Mount Sterling.

Willie Whitaker Jr., 18 months, Springfield, burned to death when fire destroyed his home.

Chester Wnoroski, 35, his car missed a curve and hit a pole just west of Conneaut.

Sunday:

Edgar M. Kneece, 27, Laurelville (Hocking County), his car hit a tree near South Bloomingville.

Fred King Jr., 13, Cincinnati, burned to death in a fire in his attic room.

Howard Kramer, 45, St. Marys, a train hit the car in which he was a passenger at a St. Marys grade crossing.

Pasquale Spremulla, 24, Cleveland, crushed between two cars while trying to repair a broken towrope in Cleveland.

An unidentified man, burned to death in a one-room shack near Mansfield.

WILL DROP ADS

CHICAGO (AP) — The American Medical Assn. will drop all cigarette, tobacco and alcoholic beverage advertisements in all of its publications starting Jan. 1, 1954, because "a large number of physicians interviewed expressed their disapproval" of such ads.

It is estimated that the Dead Sea contains two million tons of potash.

Deadline Near On Mailing of Yule Packages

Only five days remain for the mailing of Christmas parcels for members of the armed forces overseas, Postmaster Homer D. Cole said today Parcels intended for men and women in the armed forces, members of their families and authorized United States civilians employed overseas must be mailed by Nov 15 to insure delivery for Christmas

Air parcel post intended for personnel of the armed forces serving overseas or in naval vessels should be mailed not later than Nov. 25, to insure delivery in time.

So far the mailings have been light, averaging about 10 per day, a check at the postoffice shows There have been many telephone inquiries, indicating that people are "putting off" getting their packages in the mail

Parcels may be mailed at the main office daily until 6 p m. Monday through Friday and until 12 o'clock noon on Saturday Closing hours at the sub-stations are as follows No 1, Zahn's Variety Store, 452 W Center St, 6 p m Monday through Friday and 9 p m Saturday, No 2, Warrick's Variety Store, 128 E Fairground St, 9 p m daily, No 3 Willey Electric Co, 666 Woodrow Ave 5 30 p m Monday through Friday, and 4 30 p m Saturday

Time and tempers will be saved if the senders check with the postoffice regarding what may be mailed, the postmaster suggests Make a list of articles to be sent, visit the postoffice and learn if all the gifts are acceptable for mailing, get accurate size of package check again on how to wrap and address package and any other information needed,

Save Money, Buy Large Pork Shoulder Roast

One of the neatest tricks in meat buying and cooking is the three-way use of a pork shoulder roast If you buy a larger than usual roast — one weighing about 6 pounds — you can have it cut up for three completely different meat dishes

Buying a large cut of meat usually proves to be an economy, as it often sells for less per pound than the individual cuts From a large pork shoulder roast you can get three or four pork steaks, a chunky pork roast (which will serve your family for two or more meals) and diced pork for chop suey.

Pork Steak Dinner

For juicy, tender pork steaks, braise them—do not fry or broil Trim a little fat from the edge of the steaks and fry out in a large skillet or Dutch oven Remove pieces and in the fat brown the floured steaks Sprinkle with salt, pepper and perhaps a little thyme or sage, also add some chopped onions, if desired, Add ¼ to ½ cup tomato juice or water, cover tightly and cook over low heat 45 minutes to 1 hour or until fork tender

Pork Roast Dinner

(It's important to know the weight of this roast so as to accurately figure cooking time) Season the roast with salt and pepper and place on a rack in a shallow pan Roast, uncovered in a 325 degree F oven 50 minutes to the pound To make the gravy, pour off most of the fat stir in several tablespoons flour and add hot water Cook over low heat stirring constantly until thickened. Season to taste with salt, pepper and sage.

Pork Chop Suey

Cut the remaining piece of pork into cubes and make into a tasty chop suey

1½ pounds diced pork
3 tablespoons fat
1 cup sliced mushrooms (optional)
1½ cups sliced celery
1 teaspoon grated
1 cup sliced onions
1 teaspoon salt
1½ cups bouillon or water
4 tablespoons cornstarch
3 tablespoons soy sauce
1 can bean sprouts drained
Toasted almonds (optional)

Cook pork and mushrooms in hot lard until lightly browned Add onions celery seasonings and bouillon cover and cook until tender, about 30 minutes Thicken with cornstarch mixed to a paste with a little water Add soy sauce and bean sprouts and cook slowly for 15 minutes Season to taste and serve on hot rice or fried noodles, sprinkle with toasted almonds

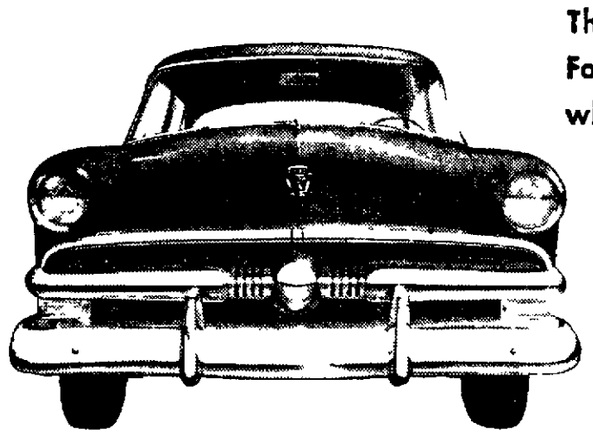
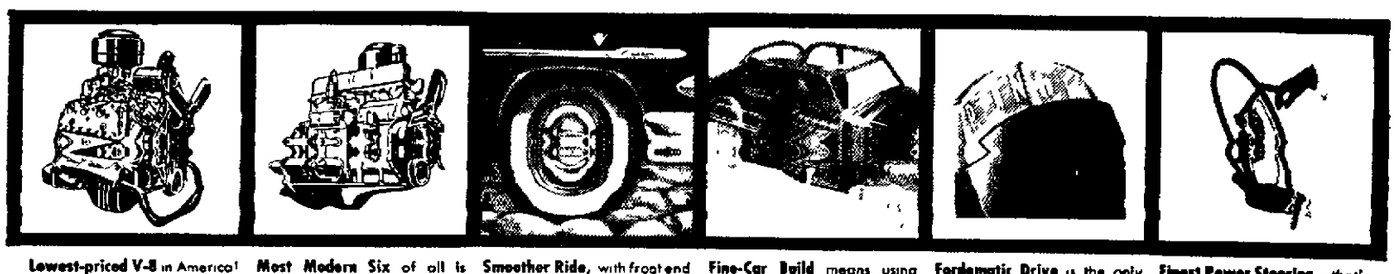
Why more than a million owners this year have chosen the "Worth More" FORD!



They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one *fine* car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.



Lowest-priced V-8 in America! And the *only* V-8 in the low-price field Ford's high-compression V-8 power plant delivers its 'Go" on regular gas!

Most Modern Six of all is Ford's high compression, low friction Mileage Maker With Overdrive it was the winner in 1953 Mobilgas Economy Run.

Smoother Ride, with front end road shock reduced up to 80%, is another Ford big-car feature and you get it without gas-eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in costliest cars Ford is the most completely insulated car in its field.

Fordomatic Drive is the only "automatic" in its field with the Go "of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering—that's Ford Master-Guide. Does up to 75% of the steering work yet retains normal steering "feel" on the straightaways.

ACROSS THE COUNTER

We read an apt definition of worry the other day: "Worry is interest paid on trouble before it comes due"

In connection with insurance, two types of worry are common Frankly, we can relieve you of both.

Earl J. Andrews

First, many people are worried about the possible financial consequences of a mishap of some kind—fire, accident, explosion, theft and others The way to stop "paying interest" on this trouble is to dump the problem in our lap We will analyze your risks and suggest insurance coverages which will give you financial protection Really, it's as simple as that

Second, if a loss occurs, many people worry again. They wonder what red tape is involved, how to proceed, how soon they'll get paid, whether the company will pay without haggling.

These are natural worries, but unless adequate protection does again involve "needless interest." If your insurance is with us, we'll try to spare you as much annoyance and inconvenience as possible We know how to go about getting the money you have coming We take a personal interest in seeing that you receive fair treatment In addition, our companies are "fair-minded"

So, quit paying interest on insurance troubles We'll do the WORRYING for you

Marion Among Cities 'in Red'

'52 Spending Topped Income, Says Auditor

Marion was one of 79 Ohio cities which spent more money than they collected last year, according to a report released today by State Auditor James A. Rhodes. Excess expenditure for Marion was listed at $409,431.

Leading the 60 cities which took in more than they spent was Akron which collected $1,323,617 more.

Cities showing an excess include:

Canton $384,526; Portsmouth $394,358; Newark $41,524; Massillon $116,907; Lancaster $186,927; Ironton $155,360; Washington Court House $1,021; Dover $57,117; Wilmington $25,382; Logan $17,149.

Cities showing greater costs than revenues include:

Hamilton $456,696; Lima $176,287; Zanesville $214,463; Steubenville $77,992; Alliance $477,791; East Liverpool $12,735; Chillicothe $18,167; Fremont $737,612; Marietta $22,883; New Philadelphia $51,741; Salem $491,555; Mt Vernon $248.073; Athens $7,142; Van Wert $3,571; and Circleville $21.120.

In the Marion area, Bucyrus was the only city which closed the 1952 books in the black. It showed an excess of $74,389 over payment for the year.

Joining Marion in closing the year "in the red" were these nearby cities: Delaware, $131,130; Galion, $57,241; and Kenton, $22,333.

Grocery, Two Gasoline Stations Here Entered

Police are investigating today three reports of burglaries they received Saturday.

The break-ins occurred late Friday night or early Saturday morning at a grocery store at 170 Short St. owned by George Colftesch, a Mobile gasoline station at 501 N. Main St., and a Pure Oil service station at N. Main and Mark Sts.

Only petty losses were reported in each case. A few packs of cigaretts were stolen from the grocery store, about 10.80 in change from the Mobile station and about $2 in pennies from the Pure Oil station.

Entrance to the grocery store was made through an attic window and through rear windows to the two service stations.

Police Chief Thomas Coon said this morning that he believes there is a connection in the three break-ins.

Home Show, Convention Planned by Local Club

Plans for the annual Better Home and Living Sho. and announcement of a spring Exchange Club convention here were made at the weekly luncheon of the Marion Exchange Club Friday at Hotel Harding.

Harold Graham, show promoter from Springfield, announced he had completed arrangements with the Coliseum board for the annual show to be held there beginning May 27 for five days

Fred Schultz, president of the local club, announced the local club would be host to all Exchange Clubs of Ohio at the annual spring convention sometime in March at Hotel Harding.

One guest, James Miner of Columbus, was present.

JUDGE EDWARD RUZZO
Christmas Seal Chairman

Christmas Seal Chairman Named For Marion County

The 1953 Christmas Seal sale, which gets under way Nov. 16, will be headed by Edward J. Ruzzo, judge of the Marion County Probate Court, it was announced today by Mrs. Walter E. Hane, president of the Marion County Tuberculosis and Health Association.

As in former years the sale will be conducted by mail throughout the county from Nov. 16 through December, and will be a part of the 47th annual Christmas Seal Sale held throughout the country.

A native of Marion, the chairman has served as probate judge since 1947. In asking the cooperation of the citizens of the city and county he emphasizes that it is an opportunity for every one to make a contribution, no matter how large or small, toward protecting their families and the community against tuberculosis. In this way, he states, we realize that by buying Christmas seals we are supporting the work of the County Tuberculosis and Health Association and helping to erect a strong barrier against the spread of tuberculosis in the community.

Polio Victim Returns Home After Operation

Barbara Messenger, 14, daughter of Mr. and Mrs. Lowell Cock, 359 Blaine Ave., was returned home Sunday from White Cross Hospital in Columbus where she had been a patient two weeks. She underwent bone surgery on her left leg, a result of polio which she suffered in 1948. Her leg has been placed in a cast and she will be confined to her home for several weeks. Her condition is reported to be 'fairly good." Barbara is a ninth grade student at Edison Junior High School.

Irish Capitalize on Madison's Fumbles for 14-6 Win

Defenders Recover 5 of 6 Miscues, Stop All Threats

By JOHN SHORT

St. Mary's gridders, capitalizing on fumbles by Mansfield Madison, walked off with a 14-6 decision over the Rams here Saturday night. Both St. Mary scores were set up by Madison fumbles deep in its own territory

During the course of the game the Rams lost the ball five times on fumbles. They committed six misplays. Most of the fumbles came on wild pitch ounop otoinst came on wild pitchouts on option plays by the Madison quarterback.

Six Drives Stopped

The St. Mary line, which had a lot of trouble with the hard running Mansfield backs, refused to be moved out of position once the visitors reached scoring territory and six times the Madison crew was stopped inside the Marion 25 The losers picked up a total of 257 yards on the ground bi were never able to move when paydirt was in sight. Drives were halted at the five, fourteen and sixteen yard markers.

The versatile Madison attack, *featuring the option* and a pair of buck-lateral plays, ground out a net yardage of *338, 257 of it on* the ground and 81 through the air. St Mary picked up 193 rushing and 45 on aerials. The visitors also held the edge in first downs 16-9.

The win gave the Irish a season mark of six wins against a single loss. They will wind up their campaign Friday night at Elm Valley and will be out to nail down the first title of the Mid-Ohio Conference.

Despite the loss last week to Carey, Irish fans were convinced the Madison squad was the toughest one met this year by the St. Mary gridders.

Score Early

St Mary showed early it had recovered from the whipping last week at Carey Receiving the kickoff, the Irish drove from their own 3- to the Madison 35 where the Rams stopped Larry Ryan in his bid for a first down Two plays later, Chuck Mitchell recovered the first Madison fumble at the 36 Roger Michell missed a pass attempt and Mike Anderson managed to pick up only one yard before Michell hit End Pat O'Connor at the five and O'Connor plowed into the end zone. Jerry Ballenger split the uprights for the extra point and the Irish were ahead for keeps.

The Madison attack, slowed by wild pitchback recovered by Anderson, was held in its own territory for the rest of the first period

Midway in the second frame the Madison team rolled from its 45 yard stripe deep into St. Mary territory. Jerry Hammett drove over tackle and raced through the secondary for 23 yards before being pulled down by Dick Mounts as he threatened to break free. From there the Rams drove to Irish five where with fourth and two Paul Kovats was stopped by the entire forward wall at the four The Irish attack bogged down and Larry Ryan, who ended the game with a 37-yard punting average, kicked out of bounds at the 19. Kovats, Hammet and Steve Wettner, on an end-around, carried to the five. From there Kovats powered his way over the goal Bill Rush missed the try for point A minute later the half ended with the Irish leading 7-6.

The visitors came back strong in the third period The offense found new life and rolled through the Irish for a total of 148 yards. Madison controlled the ball for 22 plays during the period while St. Mary managed to run only 12 Fumbles, however, killed the Rams. Ryan stopped one drive when he fell on a loose ball at the St. Mary 25 and Anderson covered another miscue by the Rams at his 10

The fourth quarter was an exact opposite with the Irish keeping control. They ran 17 plays while the Rams controlled the ball for only nine. The winners took over at their 19 and reeled off the longest drive of the game. They drove to the Madison two with the big gain turned in by Ryan. He broke over tackle at the St. Mary 34, shook off tacklers and raced 50 yards to the Rams' 14. A Michell pass was batted down in the end zone to halt the drive.

Fumble Sets Up TD

The visitors came out to the 17 before another fumble set up the clincher. Ted Kilbury recovered a fumble at the 21. He, Micheli, John Messenger and Anderson alternated to carry to the two from where Kilbury plowed in for the score. Jerry Ballenger converted with 2:45 showing on the clock.

Mike Anderson all but ended the game when he intercepted a Ralph Cutter pass at the St Mary 40 with one minute to go. Five ground plays run out the clock.

—:—

Parents' night was observed by the Irish. Parents of the gridders were guests of the school and were introduced before the game. Mothers were presented flowers while the fathers wore placards bearing their sons' jersey number.

—:—

The Mansfield Madison band performed at the half. The 58-piece organization made the trip in the same three buses used to transport the grid squad.

—:—

The entire St. Mary team rushed Coach Ray Robbins at the final gun. They hoisted him to their shoulders and carried him from the field. The first attempt at lifting him failed and several of the gridders and Robbins fell in a scramble.

—:—

Robbins was the first to congratulate the loosing team. In the clamor of the Marion dressing room, he labeled the Rams as 'the best' team his charges had encountered this year.

Kenton Falls 23-0 To Tiffin Calvert

KENTON—A favored Tiffin Calvert crew blanked George Keul's Kenton Wildcats 23-0 on the Tiffin field Saturday night. The loss was Kentons fourth of the season against the same number of wins.

Calvert took an early 7-0 margin when Kenton was unable to move the opening kickoff and the winners put the Kenton punt in play at midfield Dennis Bredinger, fullback, went over from the one-yard line and David Dow converted.

The once-beaten Calvert team added a safety later in the period when Kenton's quarterback, Bob Butterman, was caught in his end zone by a Calvert lineman.

Kenton advanced to the Calvert 12, its deepest thrust of the evening, but was pushed back by the Calvert defense to the 25 where the winners marched 75 yards for another score. Dow went from the one-yard line and again converted

Calvert added its final touchdown in the third period Taking the second half kickoff, it moved 66 yards for the score. A pass from Joseph Scherger to William Rohrbach, end, ate up the final yards for the score. Dow converted

Kenton moved to Calvert's 17 later in the game but the Calvert defense again stiffened and held for downs. Bellefontaine is here Friday in the final game of the season.

Badgers Final Hazard in Bowl Bid by Illinois

CHICAGO (AP)—Wisconsin's Badgers, still nursing hope for the Big Ten title themselves, were looking around today for a large-size monkey wrench to throw into Illinois' high-geared championship special.

The Badgers play the undefeated Illini at Madison Saturday. They're the last real hazard in Illinois' drive to the conference crown and a subsequent trip to the Rose Bowl.

Once the Illini get past Wisconsin, their lone remaining opponent is Northwestern—a club that hasn't been able to win a Big Ten game. Wisconsin smashed the NU Wildcats 34-13 Saturday, running the Badger Big Ten record to three wins against one loss.

Illinois eliminated one of the remaining pretenders to the crown, Michigan, 19-3 as Mickey Bates scored two touchdowns and J. C. Caroline rushed 184 yards and picked up 66 more on punt returns. This gave Caroline an all-department yardage total of 1,354 —beating a record set by the great Red Grange in 1923.

Michigan State eliminated Ohio State from all but mathematical contention by dropping the Buckeyes 28-13. The Spartans, who play Michigan in their Big Ten finale Saturday, have won four and lost only one conference game.

Even so, the MSC Spartans—considered a near cinch for the championship in pre-season estimates—now can only hope that Illinois somehow will be tripped up by either Wisconsin or Northwestern.

Mercurys Win Game Here With Rally in Last Period

Marion's Barons dropped a pair of International League battles over the weekend to sink further away from the league lead. Saturday night the Marion team dropped a tough 3-2 verdict before 8,520 fans at Fort Wayne and Sunday afternoon the Toledo Mercs dropped the Barons 4-3 before 2,200 at the Barons 4-3 before 2,200 at the the Coliseum.

Sunday s game was won by Toledo's lightning line which pumped in two goals in the final 10 minutes of play after the Barons started the period with a 3-2 lead The entire game was played without a penalty being called.

Barons Score First

The Barons broke the scoring ice when Kenny Schultz slapped one past Toledo Goalie Bill Tibbs after 6:40 of the first period. He scored on a pass from Ott Heller and Joe Ingoldsby. Jim Cunningham knotted the count for the Mercs at 8 36 when he scored with an assist from Chuck Woods and Bill Mitchell The Mercs went into the lead midway in the first period on the first of three goals by the lightening line, which last week set a hockey scoring mark against the Barons with four goals in 52 seconds. Johnny Kovich scored on a combination pass from his running mates, Dick Pontarollo and Roy Hammond. The score came at the 11:28 mark

The Barons blanked their visitors in the second period to go into the lead. Gordie Vejprava scored the tieing goal at the 4-minute mark Jerry Prince received an assist on the score which came when Gordie batted in a rebound At 7:28 Joe Ingoldsby gave Marion the lead, which looked as though it might hold up. He scored on a pass from newcomer Tony Poeta, who only last week reported in from the parent Cleveland Barons. Schultz also received an assist.

Rally Started

The third period was all Toledo The superior speed of the line took its toll and the two goals resulted. Hammond scored the first with assists going to Kovich and Pontarollo. It came at 10 59 Kovich pumped the winning goal through at 16.45. Hammond and Pontarollo assisted.

The Fort Wayne Komets downed the Barons Saturday before 8 520 fans at the Fort Wayne Memorial Arena to pass Marion in the International Hockey League race.

After a scoreless first period Komet Joe Kastelic notched the first of two goals for the evening at 3 16 of the second period unassisted A short time before at 2 58 Baron Kenny Schultz had a goal disallowed when it was ruled by the referee that his wingman Tony Poeta was in the Komet goal crease.

At 11 27 of the second period with Baron coach Ott Heller in the penalty box a fight developed when Komet Edgar Blondin charged Marion goalie Lou Crowdis for a two-minute penalty. Crowdis received a two-minute penalty for roughing and Baron defenseman Ted Lebioda received a ten-minute misconduct penalty.

Kastelic scored his second goal of the game at 11 49 with Heller coming out of the penalty box on assists by Earl O'Brien and Billy Watson.

Prince Scores

At 1 18 of the third period Jerry Prince on passes from Wimpy Jones and Gordon Vejprava notched the first Baron goal while the Komets were playing with a man in the penalty box. Komet right wingman George Drysdale came back with an unassisted goal at 3 12 of the third period to make the score 3 to 1 in favor of the Komets

Baron Joe Ingoldsby closed the scoring by registering the Barons' second goal at 4:41 of the period

Renfro Leads Cleveland

49ers Dump Rams; Browns Rally for Seventh Victory

NEW YORK (AP) — Unless they meet San Francisco in a post-season playoff for the Western Conference title, the Los Angeles Rams won't be seeing 49er end Gordy Soltau again this National Football League season—and it'll be just fine with them.

Soltau, former Minnesota star, grabbed off a 17-yard Y. A. Tittle aerial in the end zone yesteday with a little more than a minute left to give San Francisco a 31-27 victory over the Rams. The result left both teams and the Detroit Lions locked in a 5-2 tie for the divisional lead.

Ths wasn't the first time this year that Soltau rammed defeat down the Rams' throats. On Oct 4, he booted a 17-yard field goal with six seconds remaining for a 31-30 San Francisco win.

While the Western half's big three feverishly were battling for position, the mighty Cleveland Browns continued to power their way past all opposition. They held a 2½-game lead in the circuit's eastern conference today after yesterday's 34-16 triumph over the Pittsburgh Steelers. The Browns need take only three of their remaining five tilts to insure another divisional championship. They play San Francisco in the big game on next Sunday's schedule.

In other games yesterday, the Philadelphia Eagles roared to a 30-7 win over the New York Giants the Washington Redskins came in with a fourth-quarter rush to down the winless Chicago Cardinals 28-17 and the Chicago Bears and Green Bay Packers battled to a 21-21 tie. Detroit whipped Baltimore Colts 17-7 Saturday night

Soltau's heroics climaxed an uphill battle for San Francisco. Just five minutes before the final gun it appeared the Rams had pulled the game out of the fire. Halfback Paul (Tank) Younger rambled 39 yards on a pitchout down the sidelines to put the Rams in front 27-24

Tittle outpassed Norm Van Brocklin, the Los Angeles ace. The 49er pitching wizard completed 18 out of 32 tosses, including three for touchdowns. Van Brocklin completed only 9 out of 19, one for a score.

Coach Paul Brown said it was "no accident" when Renfro blocked a field goal try, picked up the bouncing ball and galloped 79 yards for the touchdown that crushed Pittsburgh.

Brown explained after the game the block "was no accident—that's his job" and Renfro added that on the play fullback Marion Motley knocked over the Steeler assigned to hold back Cleveland's speedy halfback.

Pittsburgh, trailing by a single point in the second period, was on the Cleveland 14 when the play came up. Nick Bolkovac toed the ball just as Renfro arrived under forced draft from a flank.

That was the second scoring sprint for Renfro, who caught a pitch-out from Otto Graham and went 44 yards for a touchdown in the same period.

Pittsburgh jumped off to a nine-point lead in the first quarter on a 27-yard field goal by Bolkovac and a two-yard touchdown plunge by Ray Mathews.

But early in the second quarter the Browns went ahead when Ken Carpenter ended a 9-play, 66-yard drive with a 7-yard scoring run and Lou Groza booted a 20-yard field goal and a conversion.

Pittsburgh—on a 77-yard aerial touchdown from Jim Finks to Mathews—got back into the game briefly shortly before Renfro's blocked kick-touchdown.

In the fourth period the Browns clinched things by moving 64 yards to a touchdown on three straight passes by Graham, Dante Lavelli caught the last one, good for 17 yards Groza's second field goal, from 14 yards out, came late in that period after Motley ran 35 to the Steeler seven.

Cleveland, which appears to be toying with the competition these days, was down 16 points at one point in the second period but, sparked by Ray Renfro, they put on a 24-point scoring spree before the first half ended and added 10 more in the final quarters.

• Bobby Thomason gave one of the league's best passing performances in Philadelphia's one-sided triumph over New York. He completed 22 of 44 for 437 yards and four touchdowns.

Little Eddie LeBaron, Washington's ball-handling star, came back after suffering severe bruises in the opening quarter to direct the 'Skins two tallies in the fourth quarter which left the Cardinals with a dismal 0-7 record.

Commissioner Plan Eyed for PGA Programs

DETROIT (AP) Professional golf is going to get a czar, similar to baseball's—if the PGA takes the advice of its advisory committee.

The Professional Golfers Assn. Executive Committee will consider the recommendation later this week President Horton Smith is on record as favoring a commissioner of pro golf.

The advisory committee's recommendation came shortly after it had elected Chicago's George S May as chairman to succeed comedian Bob Hope.

"Our committee," May said in a statement, "strongly urges that one man be given the power to make and enforce all decisions involving PGA tournament players.

"Such a man would have authority to handle all the details of the tour and would work on the policy level, of course under the control of national PGA officials."

May is promoter of the World and All-America tournaments at Chicago's Tam O Shanter.

May made it plain the proposed commissioner would not "impinge" on any PGA executive powers, but pointed out that while the PGA now has a traveling supervisory staff no one man is designated to enforce decisions.

Topping today's PGA program is the association's annual banquet, at which its "Golfer of the Year" award will go to Ben Hogan.

Ed Barrow in Coma, Not Expected To Recover

PORT CHESTER, N. Y. (AP)—Ed Barrow, the man who discovered Babe Ruth, changed Babe Ruth from a pitcher into an outfielder and built the New York Yankee baseball empire, is near death.

Barrow, 85, has been in a semi-coma for two days. He is not expected to rally, a spokesman for the United hospital said. He entered the hospita July 7 with cancer, the spokesman said.

In 26 years as business manager, general manager and president Barrow saw the Yankees win 14 American League pennants and 10 world championships. He retired in 1946 as president.

Purdue's Game With OSU Tops Ohio Grid Card

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—Purdue's Boilermakers, with only one victory and six defeats, go against Ohio Saturday in the at-home finale for the Bucks.

The Western Conference contest features a sparkling 19 - game weekend schedule for Ohio college squads.

A look at the record indicates that, despite the poor won - lost mark of Stu Holcomb's Boilermakers, this is no time for the Bucks to pooh-pooh Purdue.

The Lafayette, Ind., crew was the toast of the nation only a couple of weeks ago when it halted Michigan State's 28-game victory streak by 6-0. That same Spartan club defeated Ohio 28-13 Saturday to eliminate the Bucks from the Big Ten and Rose Bowl races.

Ohio, in winning five of seven, has outscored the foe 161 to 138. Purdue is on the short end of a 53 to 146 scoring record. Both Ohio and Purdue were 21-point victims of Illinois. The other common foe was Wisconsin, a 28-19 winner over Purdue, but beaten 20 19 by Ohio as the Bucks made a great recovery.

In the last 10 years Ohio State has played Purdue 5 times, and the Bucks haven't won any of 'em, a 14-14 tie in 1946 being the closest they've come. Last year Purdue won 21-14, and for the 5 games of the decade the Boilermakers have a 124 to 68 scoring edge

Irish Set Pace For Candidates To Bowl Play

By BOB HOOBING

NEW YORK (AP)—The bowl candidates who will face tough opposition Saturday would do well to take the pass defense page from Notre Dame's book

All America Johnny Lattner's outstanding performance enabled the Irish to remain unbeaten after a 28-20 battle with surprisingly tough Penn. Lattner returned a kickoff 92 yards for one touchdown and set up two more. But it was his end zone pass interception in the final quarter, killing a Quaker drive, that assured victory.

Ninth-ranked UCLA, idle last week, fights for a chance to tie Stanford's Pacific Coast Conference leaders in the race for the Rose Bowl while the Indians go outside the PCC against San Jose State. The Bruin problem is to stop Washington's sophomore passer Sandy Lederman UCLA has yielded six touchdowns so far this year—four via the air lanes.

Georgia Tech, No. 6 prior to its 20-7 victory over Clemson, is being mentioned frequently for the Sugar or Cotton Bowl. It draws Alabama, which has come up with a fine passer in sophomore quarterback Bart Starr while Tech may be without the services of injured halfback Leon Hardeman A 'Bama upset would put the Crimson Tide in the bowl limelight.

Second-place Maryland, fresh from a 27-6 conquest of George Washington and almost a cinch for the Orange Bowl under the recent Atlantic Coast Big Seven Conference tieup, bumps into an improving Mississippi team, Ole Miss mixes effective passing by Lea Paslay and Houston Patton with its strong running game. The Terrapins have given up just five touchdowns to date — two by passes.

Oklahoma halfback Larry Grigg batted away a pass at the Sooner 16 to stop a Missouri threat and from there the nation's No. 8 team marched to the touchdown that gave them a 14-7 triumph. Oklahoma, Big Seven favorite for the Orange Bowl, can assure a conference title tie by defeating Iowa State Saturday.

Stanford finds its Coast supremacy challenged by UCLA because of a late-awakening Southern California pass defense. USC, ineligible for the Rose Bowl this year, ran back an intercepted pass to set up Sam Tsagalakis' field goal that meant a 23-20 victory with 14 seconds left in the game. Earlier, Stanford's Bob Garrett had completed 20 passes for 324 yards and three touchdowns. Ironically it was the only interception of 31 Garrett tosses.

Fourth-ranked Illinois, gaining momentum in a drive for the Big Ten championship and a Pasadena visit with sophomores J. C. Caroline and Mickey Bates as the prime movers, meets Wisconsin

The Cotton Bowl picture was clouded when Texas tied Baylor for the Southwest Conference lead by edging the third-rated Bears 21-20 and knocking them from the unbeaten class. The Longhorns now have a schedule advantage in facing the two lowest teams—Texas Christian and the Texas Aggies—while Baylor has to meet Rice and SMU, both still in contention

But Texas may need an air-tight pass defense Saturday to stop passers Ray McKown and Ron Clinkscale for a Horned Frog team that deprived the Longhorns of the title on upsets in 1941 and 1946.

West Virginia, 12-7 comeback conquerer of Virginia Tech and a bowl contender, meets South Carolina with its potent Johnny Gramling-to-Clyde Bennett battery.

Notre Dame plays North Carolina, Duke, No. 10, which was fought to a scoreless standstill by Navy, will be idle.

'Filthy Lies,' Ex-POW Calls Red Magazine

GREENSBORO, N. C. (AP) — The parents of a soldier who was a prisoner of war in Korea received a magazine from the Communists last week. "Just a bunch of filthy lies," the father exclaimed when he looked at it.

The magazine, postmarked London, England, was delivered here to Mr and Mrs. Charles C. Rollins. It claims to be a souvenir of "the good food and good times your ex-prisoner of war relative had while a prisoner of the Chinese People's Volunteers."

The Rollins' only son, Charles, 23, a released POW, came home last month and re-enlisted.

Young Rollins was indignant. He phoned Greensboro Postmaster J. Tracy Moore "to see why they let such propaganda go through the mails."

Postmaster Moore said: "If it contained lottery tickets or obscene pictures we could remove it from the mail. But we have no local authority here to remove it from the mail even though it is lies."

He asked Rollins to turn it over to postal authorities, however, for forwarding to Washington.

The 94-page magazine was published by the Chinese Peoples Committee for World Peace, Peking, China. It was sent to Rollins by the Britain-China Friendship Assn, 228 Grays Inn Rd., London, W C.1, England.

The magazine contains several dozen pictures of POWs apparently having happy times in prison, eating Thanksgiving Day feasts every day in the week, swimming and playing games, and living in "a typical POW camp on the shores of the beautiful Yalu River. The scene is pleasant and peaceful."

A mimeographed letter inside the front cover says, "Should you or your ex-prisoner of war relative wish to be kept in touch with developments in China, we should be glad, on the payment of two dollars per annum, to send copies of "China Reconstructs," the bimonthly periodical published in China, and other material published by this association."

Entrance Exams For Coast Guard Slated Feb. 23, 24

Competitive examination for entrance to the U. S. Coast Guard Academy will be held throughout the nation Feb. 23-24, 1954 Congressman Jackson E. Betts, announced today. The examinations will be given in 109 cities.

Congressman Betts emphasized the opportunity offered young men between seventeen and twenty-two who choose this four-year course which leads to a bachelor of science degree in engineering and a commission as a career officer in America's oldest sea-going service

"There are no appointments or geographical quotas for entrance to the Coast Guard Academy," he said. "I urge all qualified young men who are interested in a worthwhile profession to write as soon as possible to Coast Guard Headquarters in Washington, D C Applications must be postmarked on or before Jan. 15."

Candidates for the Coast Guard Academy must be single, between the ages of 17 and 22, and in excellent physical condition. They must have outstanding character reference and standing in their communities.

A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30 are eligible to take the examination if they will have at least 15 credits by that time. All applicants must have three units of English, two of Algebra, and one each of Physics and Plane Geometry.

$150,000 Fire Hits Conneaut

Two Firemen Injured During 5-Hour Fight

CONNEAUT, Ohio (AP)—Two firemen were injured in a five-hour battle against a $150,000 blaze that spread through two downtown business buildings before it was checked early today.

The fire started in the three-story Judson block and spread to the Childs block. The Broad Street Restaurant, the Moose club, a drug store and a billiard parlor were destroyed. Tenants in apartment in the buildings fled unharmed.

Richard Fuller, about 33, was hit by falling bricks and taken to Brown Memorial Hospital where he was reported in fair condition Charles J. Smith, about 24, suffered burns on the right hand and was given emergency treatment and released. Both are volunteer firemen of the East Lakeville department.

Fire Chief Louis Stevens of Conneaut set damage at around $100,000, and estimates by owners of the damaged places boosted that figure by $50,000

Cause of the fire was not learned

Policeman Forced To Fire Warning Shot To Halt Auto

CULVER CITY, Calif. (AP)—A policeman said he had to fire a warning shot to bring actor Steve Cochran's $6 000 sports car to a halt yesterday. Cochran posted bail of $525 on booking of reckless driving and evading arrest.

"I just wanted to show my friends how my new sports car would corner," police said Cochran explained

Officer Roger Deveux said he chased Cochran five miles at speeds up to 65 miles an hour through heavy Sunday traffic. He quoted Cochran as saying, "You never would have caught me if you hadn't shot—that wasn't very fair."

With Cochran were Sue Mortimore, 25, a model, and Air Force St. Ralph S. Hodges, 24.

By John Crosby

A Few Odds and Ends

J CROSBY

"Nature's Half Acre" product of the Walt Disney Studios, was a magnificent movie short showing just how the birds and the bees and the flowers really operate To the more sentimentally minded it must have come as a shock

The fact is that nature is a ruthless old lady the big bugs eating the frogs and so on Everyone eating everyone else Now the Disney studio has come out with more of the same, a film called 'Living Desert' a feature length film shot in the great American desert.

- -

THE DESERT to my great surprise is crawling with living things — toads tarantulas, bugs ground squirrels wildcats — and, as in "Natures Half Acre' everyone is on the prowl for everyone else But there's slight difference between the two pictures

In this new picture the more cuddlesome little beasts — the ones you get real fond of — get away The snake comes after the ground squirrel all right but the ground squirrel makes his escape Nature has gone Hollywood The happy ending has crept in Disney has gone soft The only things that get seriously hurt in this picture are a tarantula which loses a tough fight to a wasp and a rattlesnake who gets the business from a hawk Villains, both of them

Frankly, I thought 'Living Desert' was a magnificent picture I think all of Disney's forays with nature have been My problem is simply this I can't get interested in movies with people in them anymore And I don't think it's just my problem either A good many of my friends who have seen Mogambo' have told me they find themselves infinitely more interested in the gorillas than in Ava Gardner You know what I think I think actors are on the way out

- -

THERE'S ANOTHER thing about 'Living Desert which should disturb the professionals in the game This is the continuation of the trend toward amateurs This started in Italy where movie producers started picking people off the street and pitching them into such pictures as "Open City' and 'The Bicycle Thief They're doing the same thing here

In the old days, when you wanted animals you hired Rin Tin Tin at a fast $3,000 a week Now they go out in the desert and grab the first tarantula that comes along He isn't even a member of the Screen Actors Guild

A man wrote me the other day about the rating systems He has as high an opinion of ratings as I have, which is to say, not very high This chap had had a 15-minute sports show on a local station and, since it was sponsored it got a rating Then the show was dropped But for three weeks thereafter it got a rating anyhow, even though it was off the air.

- -

"IT WASN'T A VERY good rating" the man explained apologetically "And it kept going down every week. This leads me to suspect that you get better ratings when you're on the air than when you're off"

Well I don't know about that I think there are some shows whose ratings would go up if they went off the air, the George Jessel show for example A lot of people I know would tune to the Jessel spot for the sheer bliss of it not being there any more This would be the negative rating a test of how much people enjoy not seeing something

(New York Herald Tribune)

In 1952 the United States for the first time had fewer trucks in use than the rest of the world combined

Potosi, Bolivia, where silver ore was discovered beneath an uprooted bush in 1545 was for many years the largest city in North and South America, the National Geographic Society says. It crammed Spain's treasure galleons with two billion dollars in silver. Now this two-mile-high town yields tin ore, more precious to Bolivia than her silver ever was.
